Subject: Ma Facial Recognition Project.
Attachments: Minimum Data Fields to be provided with each photo.docx

Thank you all for attending the 5/12 kick off meeting.

I have copied all meeting attendees on this email which is a large distribution group. It would be helpful if each organization would appoint one or two primary contacts for this project. I will continue to copy all participants on all email but I will need to know who to contact with technical and procedural questions.

As you may remember we asked each organization to submit test photos by 5/21 to be evaluated for possible import into the facial recognition system. I will contact you shortly with information on the process for submitting these photos. Please keep me informed about your progress in obtaining the test photos.

Organizations deemed to have usable photos to be converted will need to submit demographic data for each photo submitted during the "real" import process. Attached is a document describing the data to be submitted.

Thank you!
George Connolly

Walsh, James F (SDA)

From: Bri Blakeman [REDACTED]
Sent: Wednesday, May 19, 2010 10:32 AM
To: 'Walsh, James F (SDA)'
Cc: 'George Connolly'; 'Allain, Patty (SDA)'; [REDACTED]; 'Mike Vernazzaro'
Subject: Updated Final Attendance List for May 12th MSA Meeting
Attachments: 5.12.10 Final Attendance Count.xls

Good morning,

George received two returns on the email he sent out – I found the errors and have updated the spreadsheet (attached) I sent last week.

The two corrections were [REDACTED]org ('i' before 'e') and [REDACTED]us (formerly [REDACTED]s – I don't know why I changed this gentleman's last name).

Sorry for any confusion.

Thanks,

Bri Blakeman

Subject: Final Attendance List for May 12th MSA Meeting

Dear Jim,

Attached please find a spreadsheet containing the attendees (who signed in) at Wednesday's May 12th meeting. I added the street and mailing addresses as well.

Please let me know if you have any changes to make to this list or if you would like me to scan and email a copy of the Sign-In Sheet itself.

Thanks – have a good weekend!

Bri
