Larry,

If you could list both that would be very helpful.

Active inmate programs (rehab etc)

Any software programs used on a daily basis (for administrative/finance purposes only, not inmate related) Example- HRCMS, how MMARS is accessed, how inventory logs are maintained etc.

Thank you,

Kerri

Kerri,

Can you give me a little more information on what you are looking for in item #2. Is it software? Inmate programs?

Please advise.

Whenever they're available is fine. However works best for you too.

Thanks,

Hi Kerry,

Do you want the information requested all at once or when we are able to give to you as it is assembled?
Some is readily available and some needs to be compiled.

Larry

Subject: Document Requests

Hello Larry,

I hope you had a wonderful New Year's, and were able to stay warm. I was away on vacation last week so I missed out on the wacky weather. I have a list of items we would like to request to review for our audit. Please, let me know if you have any questions.

1. A current organizational chart of BCSO Admin employees,
2. A listing of all non-payroll programs in operation,
3. A copy of FY 16 and 17 approved budgets
4. A listing of all grants received during FY 16 and 17 (doesn't matter where they came from, a listing for now, and we will select what we must look at later)
5. A listing of all contracts that were approved/signed/executed..etc.. during FY 16 and 17
6. A listing of all "active" contracts that have not expired yet (signed in prior fiscal years but still active)

I appreciate your continued support.

Thank you,

KERRI-ANN M. HANLEY
