Attached is Auditor Suzanne M. Bump's audit report of the Bristol County Sheriff's Office (BCSO).

During the period of July 1, 2015 through December 31, 2017, the found BCSO did not transfer \$348,922 of federal reimbursements to the Office of the State Treasurer or account for them in the state's accounting system. Additionally, BCSO did not ensure that the Commonwealth received appropriate compensation for the services it provided under its service agreement with ICE. The audit also found that BCSO did not submit required inmate total cost analysis reports and did not have sufficient documentation for some credit card expenditures.
