Subject: RE: ICE CO's

Transport teams are in pairs.

Average daily CO's is approximately 170 not including ICE.

Larry,
Just to clarify your answer to question 2-
The "3 to 4 daily teams" that transport, normally consist of how many officers for each team (on average)?

Last question for today:
I think i may have asked you this before, but I can't find the answer in my notes.

Question 3 –
What is the average number of officers for the rest of the facility on a daily basis? (include Ash st into the total, do not include ICE)
I just need an average total where I can say "x" amount of CO's and supervisors per shift.

Thanks, I didn't plan on diving into this info, but I just need to make sure I have all the numbers for my meeting.
Lou

Hi Lou,

Question #1 – There are two full time Corrections Officers per shift and one supervisor (Sergeant).

Question #2 - These are part time ICE Deputies that would transport Illegal Immigrants usually Monday through Friday and depend on who is being moved in or out of the facility. We have three to four teams daily. Weekend movement is rare.

You are correct in the full time CO's in the ICE building do not transport the detainees.

Larry

Subject: ICE CO's

Good afternoon Larry,
Continuing on with our info gathering, could you provide these following numbers for me?

1-What is the number of Correctional officers (or other BCSO guards) assigned daily to the ICE facility for each shift:
1st, 2nd, 3rd shift

2-I understand that some days there may be ICE related transports, and some days none. Is there a way we can generalize and average the number of BCSO CO's (or those that perform ICE transport duties) that are utilized per day? Or would this be more of a weekly one time number?

I guessing that the CO's who directly oversee the ICE inmates, are not the same CO's that would transport or do other ICE related tasks.

Thank you, I will update you after our my office's meeting tomorrow.

Lou
