Good Morning Lou,

We could do the morning on Thursday. I have a meeting at noon. The watch commander will be available to lead us around.

Let me know when you want to start.

Larry

Excellent . Thank you.
What's your Thursday look like for a potential Ash st visit?
Im flexible if that doesn't work for you.
Lou

OK, I definitely didn't remember that name.

I think that's all I need for that.
Was Mike Lyzun an employee of BCSO? Or just an IT contractor of some sort?

So if I understand correctly, you use the Lyzun system to do all your initial payroll processing then input that into the state payroll system?

Lou,

We use the State Payroll system to process payroll for State Employees. We also have a home grown Payroll program called the Lyzun system, created by Mike Lyzun, that we continue to use in house after leaving the County. This is the check and balance with two systems.

Hi Larry,
You mentioned what the program you use for your payroll since its not the regular State's payroll.
What was the name of the program you use for it? It slipped my mind.
Thanks
Louie
