Melissa,

The Raptor system stops an average of 75 sex offenders attempting to enter our clients' schools and issues an average of 150 custom alerts, most often regarding custody issues, every single school day. Watch this video to learn how it works.

Josh

I got the first part of the SVPP grant delivered. The visitor management system. I am working to figure it out now but I need guidance on the workflow policy we want to create. Obviously we will do sex offender registry checks and I will work with Scott Driscoll to generate an export of non-custodial parents and otherwise prohibited persons to be put in the database.. But things like whether or not we save to a database the scanned license information, whether or not there is a visitor policy they sign off on, etc. will need to be spelled out by administration.. I don't know how (for lack of a better word) extreme we want to be.. Do we want to go Pentagon or 1 room school house... I think someone in admin should make those decisions.

That number is correct.

Garfield middle and elementary are in the same building. 1 entrance.

Beachmont and sea coast are in the same building. However I'm going to have to buy seacoast one out of my own budget because I forgot they had their own entrance.

Please pardon brevity of emails and responses as well as obvious spelling and grammatical errors. Speech to text. Sent by mobile phone.

Hi Jonathan,

I am completing the quarterly progress report for the SVPP grant and one of the questions is: number of schools involved in the funded project. Would it still be 11? I reason I am asking is that the visitor management system only included 9 schools and I wanted to make sure 11 was still accurate based on that purchase. I know the laptops probably will include communication with all 11 schools but I wanted to confirm this number with you. Thank you.

Hi Jonathan,

I am completing the quarterly progress report for the SVPP grant and one of the questions is: number of schools involved in the funded project. Would it still be 11? I reason I am asking is that the visitor management system only included 9 schools and I wanted to make sure 11 was still accurate based on that purchase. I know the laptops probably will include communication with all 11 schools but I wanted to confirm this number with you. Thank you.

Kathy

Hello Ms. Callahan,

Thank you for your e-mail, I was out yesterday.

The information you provided from the vendor with respect to purchasing American-made is satisfactory and demonstrates purchasing American-made to the “maximum practicable extent”.

Thank you for your continued efforts with this particular program criteria, I understand it has been challenging and has resulted in higher costs.

Subject: [EXTERNAL EMAIL]FW: Annual Creative Arts and Humanities Symposium

Date: Thursday, August 22, 2019 at 7:56:08 AM Eastern Daylight Time

From: Princeton Summer Journalism Program

To:

Good morning,

I am writing to pass along an amazing opportunity at Princeton University this fall for high school seniors who are interested in the humanities or arts. This information was forwarded to me by the a staff member. I do not work with this program and know little more about it than what is written below.

The nomination letter below is intended for a counselor. Interested students MUST be nominated by a counselor or other school official or a leader of a community organization. If you are a student or teacher receiving this, please *forward this information to counselors or administrators in your high school* if you would like to recommend someone be nominated. Please note that the timeline is pretty tight, so act quickly.

I hope you have a great academic year! The application for the 2020 Princeton Summer Journalism Program will open by mid-December of this year. I will be in touch with teachers and counselors in the coming months with more information.

Best,
Tieisha

Subject: FW: Annual Creative Arts and Humanities Symposium

August 14, 2019

Dear Counselor,

I write to invite you to nominate one of your outstanding student for Princeton University's 20th annual Creative Arts and Humanities Symposium (CAHS).

The CAHS invites rising high school seniors interested in the arts and humanities to engage with current Princeton faculty and students who teach and study across these fields. The program gathers about 100 talented students from across the United States for an immersive weekend on campus at no cost to them or their families. We hope this weekend of classes, panels, discussions, and engagement with Princeton students and faculty will encourage the students who attend to study the arts, language, literature, history, philosophy, religion, and more humanistic fields.

We especially encourage nominations of and applications from students who will be the first in their family to go to college, as well as those from racially or ethnically underrepresented or low-income backgrounds.

The 2019 CAHS will take place on October 18 – 20. Our staff works with all selected students to arrange and pay for their travel to campus. Students will be matched with a current student host who will house them on campus for the weekend. All meals will be provided by the University.

On Friday night, students will tour our state-of-the-art Lewis Center for the Arts Complex and attend a lecture by a Princeton faculty member. On Saturday, students will attend “precepts,” which are small, seminar-style classes exploring various topics in the arts and humanities, followed by a workshop in dance, music, theatre, photography, painting, poetry, fiction, and more. A panel of current Princeton students will discuss their experiences studying the arts and humanities on campus.

On Saturday evening, visiting students will attend a keynote address by a Princeton graduate who has made meaningful contributions in the arts or humanities. Recent speakers have included Pulitzer Prize-winning poet Paul Muldoon, visual artist Indrani Pal-Chaudhuri, and author Mohsin Hamid.

We intend the Symposium to inspire students to study the arts and humanities when they attend college. We are looking for students who are academically competitive, passionate about the arts and humanities, and curious about learning across fields. We hope the student you nominate will be a good fit.

To nominate a student for the Symposium by our deadline of September 10, please see the nomination instructions included with this letter. Students must be

nominated by a school official or community group leader and then must submit their own application. Only nominated students will receive instructions on how to apply.

If you have any questions about the CAHS, or if you'd like more information, please feel free to contact CAHS@princeton.edu or call Emily Crosby, Assistant Dean, Events and Visitor Management, at 609-258-1519.

Best wishes,

Karen Richardson '93
Dean of Admission
Princeton University

Dear Princeton Creative Arts and Humanities Symposium,

I believe we received a letter in the spring indicating Shaker Heights High School would NOT be a nominating high school this year because you were trying to reach out to more and different high schools around the country. Can you please confirm this? If not, can you please send me a link to the nomination form or mail me a hard copy?

Thank you for your time and consideration.

Jonathan,

The Versa is a windows tablet on a modern stand with the software installed along with the ID scanner, printer and integrated camera. It has replaced the Optio . I applied all the same discounts, but the Versa starts at \$4200

We spoke to them on this.. I have the email that states they will give us the newest version for the same price. Do you still want them to update the quote.

I will start the Lobbyguard PO but can you please get an updated quote. The last one has the older model and it's from February. I think we should include the new model on the PO. Thank you.

When are we good to start ordering stuff? I would like to at least, get the visitor management system started soon.

Cameras. The door access will need a budget mod but can't do that until I have all the info to figure out how we are paying for it. I think you were planning to buy fewer cameras, is the door access American made?
