Attached is a list of priorities for each of the three subcommittees. In addition to the HHAN implementation meeting on 4/8, the Evac/Reentry subgroup is scheduled to meet next on 4/13 and the Preparedness subcommittee is scheduled to meet on 4/14. 7c 7F and I have been discussing the scheduling of a ESF-18 large group meeting in May, but haven't arrived on a proposed date. The agenda for that meeting would be to update everyone on the work of the subgroups and to set priorities for next steps. I think coordinating the meetings is a great idea.

I met yesterday with BPD Intel and they'll be at the HHAN meeting next week. They're supportive of using HHAN as the 7E S
7E S Do you know if (7c 7F) is planning on attending the HHAN meeting? If we can get everyone to agree on protocols and access issues, I think we'll have a great story to tell the combined ESF-18 and ATAC audiences.

FYI, I'm currently working on a report that summarizes the activities of ESF-18 over the last 12 months.

Regards,

We can't get the Jury room earlier in the week. I've called a few people & left voice mail messages over at DPH inquiring about the CDC meeting on 17th & 18th. I'm waiting for someone to get back to me.

Hi 7c 7F

Thanks for the early save the date on this ATAC meeting. Just so you know - 18 May is the 2nd day of a really big 5 7E so you may lose most of the local, state and federal public health people from your meeting to that meeting. Not sure you should re-schedule for that reason, but wanted you to know.

Also, I wanted to ask you to add a new colleague at US DHHS in Region I (New England) 7c 7F contact information is below. Please continue to include me on your list as well, but this colleague will also probably start attending the ATAC meetings. Thanks and best regards --
