(16)

just "friend" photos for
testing of importing functionality

See if that person is already in the
system.

Knowing who you are dealing with

enroll data / capture images

historical photos / maintenance
not overidden

past enrollment data is "static"
not dynamic

"build a complete" history on
each enrolled database
and releases

5/12/2010

(17)

Can you "copy forward" prior data - ? no not @ present

push demographic info into the enrollment information template.
