BUILDINGS AND GROUNDS SECURITY

Public school buildings and grounds are one of the greatest investments of the town. It is deemed in the best interest of the school department and town to protect the investment adequately.

Security should mean not only maintenance of a secure (locked) building, but protection from fire hazards and faulty equipment, and safe practices in the use of electrical, plumbing, and heating equipment. The Committee expects close cooperation with fire and law enforcement departments and with insurance company inspectors.

Access to school buildings and grounds outside of regular school hours will be limited to personnel whose work requires it. An adequate key control system will be established, which will limit access to buildings to authorized personnel and will safeguard against the chance of entrance to buildings by unauthorized persons.

Funds and valuable records will be kept in a safe place and under lock and key.

Protective devices designed to be used as safeguards against illegal entry and vandalism will be installed when appropriate to the individual situation. Employment of watchmen may be approved in situations where special risks are involved.

VANDALISM

The School Committee recognizes that acts of vandalism committed against public and private property are costly and require positive action through educational programs. Consequently, the Committee will support various programs aimed at reducing the amount of vandalism.

Every citizen of the town, staff members, students, and members of the police department are urged by the School Committee to cooperate in reporting any incidents of vandalism to property under control of the school department, and the name(s) of the person or persons believed to be responsible. Each employee will report to the Principal of the school every incident of vandalism known to him/her and, if known, the names of those responsible.

The Superintendent is authorized to sign a criminal complaint and to press the charges against perpetrators of vandalism against school property, and is further authorized to delegate, as he/she sees fit, authority to sign such complaints and to press charges.

Parents and students will be made aware of the legal implications involved. Reimbursement will be sought for all or part of any damages.

SECURITY CAMERAS

The Marblehead Public Schools (MPS) strives to maintain a safe and secure environment for its students, staff, visitors, and facilities. Security means more than having locks and making certain that doors are locked at the proper times. Security also means:

- minimizing fire hazards
- reducing the possibility of faulty equipment
- keeping records and funds in a safe place
- protection against vandalism and burglary
- the prosecution of vandals
- developing crisis plans.

School buildings, building contents, sites and site facilities constitute one of the greatest investments of the community. The School Committee believes it to be in the best interest of students and taxpayers for the School Committee to exert every reasonable means to protect the investment adequately.

In pursuit of this objective, the Marblehead School Committee (MSC) authorizes the use of security cameras in school district buildings and on its property to ensure the health, welfare and safety of all students, staff and visitors, to deter theft, vandalism and other negative behavior, to safeguard district buildings, grounds and equipment and to monitor unauthorized individuals in or on school property. Security cameras may be used in locations as deemed appropriate by the Superintendent of Schools in consultation with school officials and local law enforcement agencies. They may be used in any area, inside or outside of school buildings where there is no reasonable expectation of privacy.

MPS shall notify students and staff through student and employee handbooks and appropriate signage that security cameras have been installed and may be used at any time. Students or staff identified on security cameras in violation of MSC policies will be subject to disciplinary action.

The MSC will be notified by the Superintendent prior to the installation of security cameras in MPS buildings and on its property. MPS shall ensure that proper procedures are followed regarding use, viewing, disclosure, retention, disposal and security of video recordings or photographs from security cameras in accordance with applicable laws and regulations. A video recording used for security purposes in school district buildings and/or on school property shall be the sole property of the MPS. All video recordings will be stored in their original format and secured to avoid tampering and to ensure confidentiality in accordance with applicable laws and regulations. Access to video recordings from security camera shall be limited to school administrators (Superintendent/designee, School Principal/designee). Law enforcement officials shall be granted access to video recordings after giving prior notice to the School Superintendent/designee.

The Superintendent may, from time to time, issue further guidance that is consistent with then current laws and this policy.

SECTION 6A: LAW ENFORCEMENT & COMMUNITY POLICING STRATEGY

COPS Office grants must be used to reorient the mission and activities of law enforcement agencies through initiating community policing or enhancing their involvement in community policing. If awarded funds, your responses to this section will constitute your agency's community policing plan under this grant. Your organization may be audited or monitored to ensure that it is initiating or enhancing community policing in accordance with this plan. The COPS Office may also use this information to understand the needs of the field, and potentially provide for training, technical assistance, problem solving and community policing implementation tools.

We understand that your community policing needs may change during the life of your grant (if awarded), and **minor changes to this plan may be made without prior approval from the COPS Office**. We also recognize that this plan may incorporate a broad range of possible community policing strategies and activities, and that your agency may implement particular community policing strategies from the plan on an as-needed basis throughout the life of the grant. **If your agency's community policing plan changes significantly, however, you must submit those changes in writing to the COPS Office for approval.** Changes are "significant" if they deviate from the range of possible community policing activities identified and approved in this original community policing plan submitted with your application.

SECTION 6A: LAW ENFORCEMENT & COMMUNITY POLICING STRATEGY

Community Policing Definition Framework

The following is the COPS Office definition of community policing that emphasizes the primary components of community partnerships, organizational transformation, and problem solving.

Community policing is a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues, such as crime, social disorder, and fear of crime.

The COPS Office has completed the development of a comprehensive community policing self-assessment tool for use by law enforcement agencies. Based on this work, we have developed the following list of primary sub-elements of community policing. Please refer to the COPS Office website (www.cops.usdoj.gov) for further information regarding these sub-elements.

<u>Community Partnerships:</u> Collaborative partnerships between the law enforcement agency and the individuals and organizations they serve to both develop solutions to problems and increase trust in police.	<u>Organizational Transformation:</u> The alignment of organizational management, structure, personnel and information systems to support community partnerships and proactive problem-solving efforts.	<u>Problem Solving:</u> The process of engaging in the proactive and systematic examination of identified problems to develop effective responses that are rigorously evaluated.

SECTION 6A: LAW ENFORCEMENT & COMMUNITY POLICING STRATEGY

Community Policing Plan Narrative

Please describe your agency's implementation plan for this program (if awarded), with specific reference to each of the following elements of community policing: (a) community partnerships and support, including consultation with community groups, private agencies, and/or other public agencies; (b) related governmental and community initiatives that complement your agency's proposed use of COPS funding; and (c) organizational transformation – how your agency will use these funds, if awarded, to reorient its mission to community policing or enhance its involvement in and commitment to community policing.

In the space provided, please address your agency's implementation plan for this program with specific reference to each of the following elements of community policing:

(a) Community partnerships and support, including consultation with community groups, private agencies, and/or other public agencies.

[Responses are limited to a maximum of 5,000 characters.]

Sharing relevant crime information with community members, seeking input, engaging with the community and collaborating with other agencies has been an on-going commitment. The Marblehead Public Schools, School Committee, Superintendent, Police Department, Fire Department, DA's office, Department of Children and Families, the Department of youth services, Probation, Department of Mental Health, Principals, parents, Marblehead Cares, Adjustment Counselor and the school nursing leader have been collaborating for several years on how to keep our students safe.

Community policing promotes community, government and police partnerships, proactive problem solving and community engagement to address the causes of crime. Community policing identifies and attempts to correct the reasons behind the calls and reported problems. It does not eliminate enforcement activity, but encourages additional ways to make a difference. Problem solving and building police-community partnerships to address crime, violence, drug abuse and the fear of crime are key concepts for success.

The Marblehead Police Department recognizes that it cannot fulfill its mission without community support. It is imperative that a dialogue characterized by mutual trust and open and honest communication be maintained between the police department and the community. It must include a willingness to continually examine and modify policies and procedures to assure its mission is accomplished in a manner compatible with the best interest of the town.

It goes without saying that collaboration and information sharing are key elements to protecting our youth and serving our community.

In 2011 the town of Marblehead contracted with a private consulting firm to assess the Police Department's effectiveness. Recommendations were made on how to improve the relationship between the police and community. These recommendations are now part of the goals and objectives for the Police.

(b) Related governmental and community initiatives that complement your agency's proposed use of COPS funding.

[Responses are limited to a maximum of 5,000 characters.]

The Marblehead Chief of Police is a member of the Community Collaborative Initiative through the Essex County DA's office which meets four times a year. This multidisciplinary collaborative includes all the above mentioned individuals referred to in question (a). The goal of this collaborative is to identify youth at risk and intervene before their behavior escalates to a level of serious criminal conduct.

The Marblehead Police Chief and HS Principal will be inviting experts from the DA's office to address student athletes and the parents on the consequences of risky and unlawful behaviors.

Seminars are scheduled each year for school staff on recognizing and reporting potentially threatening or harmful behaviors and activities. An outside consultant works in conjunction with the Police to facilitate this seminar.

MarbleheadCARES, a new community-wide coalition, has formed to provide educational outreach and build awareness about youth substance-abuse issues. The coalition has begun to launch a series of outreach programs in Marblehead to gather input from the community, provide educational presentations for students and parents and to host an upcoming youth events for high school students.

The coalition, which initially formed in 2009 through the Marblehead Counseling Center in response to several incidents involving youth substance use, is taking a proactive approach to support the health and well being of Marblehead youth. With continued partnership from the Marblehead Counseling Center, the coalition has worked to build representation from key community stakeholders, including the Marblehead public and independent schools, Marblehead Police and Fire departments, Cataldo and Atlantic Ambulance, Marblehead Health Department, Lynch-van Otterloo YMCA, Marblehead Ministerial Association, youth, parents and local physicians.

(c) Organizational transformation – how your agency will use these funds, if awarded, to reorient its mission to community policing or enhance its involvement-in and commitment to community policing.

[Responses are limited to a maximum of 5,000 characters.]

These funds will improve the Marblehead Police Department's ability to deter juvenile delinquency and improve security by strengthening our communication with school administrators, conducting joint trainings in response to school safety and security, threat assessment, surveillance and mitigation.

The perimeter of the high school, behind the high school, and secondary exits continue to be a security problem. Behind the high school known illicit drug transactions are taking place. Exit doors are found propped with coins, stones, etc., in order to keep the open for entry after school hours. This past school year \$30,000. in vandalism occurred after school hours as the result of students propping exit doors open.

CP1) To what extent is there community support in your jurisdiction for implementing the proposed grant activities?

- High level of support
- Moderate support
- Minimal support

CP2) If awarded, to what extent will the grant activities impact the other components of the criminal justice system in your jurisdiction?

- Potentially decreased
- No change in burden
- Potentially increased

SECTION 7: NEED FOR FEDERAL ASSISTANCE

A. Waivers of the Local Match

Section Not Applicable to 2011 COPS Application Attachment

B. Explanation of Need for Federal Assistance

All applicants are required to address the need for federal assistance. In the space below, please provide a brief explanation of your agency's inability to address your public safety needs and implement this project without federal assistance.

[Please limit your response to a maximum of 3,000 characters.]

State and federal funding for education, safety and public services have experienced reductions challenging schools and municipalities to reduce programmatic spending while completely eliminating spending for technology and security enhancements to buildings. The school budget has focused on maintaining teacher positions to meet the instructional focus of the Superintendent and limit class size while continuing to offer students a very high quality of education. The district has deferred routine maintenance and purchase of upgraded safety and security equipment in order to simply maintain buildings. If awarded this grant, Marblehead will be able to implement much needed and long overdue safety and security measures to the high school which in turn will keep our students and community safer. Matching funds from the Secure our Schools grant will enable Marblehead to implement much needed and long overdue safety and security measures in a more timely way than local budgets alone would allow.

We have been able to address several of the security concerns from the 2008 School Safety Assessment, however, the installation of a security system in and around the high school, especially behind the high school which is an emergency vehicle access route but has become an area of illicit crimes involving students, remains as one of the hardest areas to monitor. This school year the increase of vandalism at the high school has cost the schools approximately \$30,000.

SECTION 8: CONTINUATION OF PROJECT AFTER FEDERAL FUNDING ENDS

B. Continuation of Project after Federal Funding Ends (for other COPS grants with no retention plan requirement)

Please complete these questions to indicate any plans you may have to continue this program, project, or activity after the conclusion of federal funding

1. Does your agency plan to obtain necessary support and continue the program, project, or activity following the conclusion of federal support?

YES NO

2. Please identify the source(s) of funding that your agency plans to utilize to continue the program, project, or activity following the conclusion of federal support: *(check all that apply)*

- Fundraising efforts
- State, local, or other non-federal grant funding
- Other (Please provide a brief description of the source(s) of funding not to exceed 350 characters.)

SECTION 9: SCHOOL SAFETY ASSESSMENT

Agencies which have conducted a school safety assessment within the last three years must answer questions 1-5 regarding the assessment. If your agency has not conducted a school safety assessment within the last three years, your agency must answer questions 6-11, but these questions will be focused on the assessment that will be conducted during the grant implementation period. Your agency may request funding through this grant application to conduct a school safety assessment. Please note, your agency may request other allowable items and is not limited to solely funding a school safety assessment.

Has your agency conducted an assessment within the last three years?

Yes

SECTION 9: SCHOOL SAFETY ASSESSMENT

1. When was the assessment conducted?

2/3/2008 12:00:00 AM

2. Who conducted the assessment? Identify ALL internal and external parties involved (e.g. teachers, students, parents, community stakeholders, local businesses, emergency management personnel, security assessment evaluators and/or consultants).

Please note: All budget items requested must be justified in your budget narrative as a result of these findings of the assessment. Answers are limited to 2000 characters.

The assessment resulted in many suggestions to secure our schools. We were able to address many issues, including implementation an ID badge system; changing all classroom windows to non-breakable glass in all schools; changing all locks to be single keyed in order to facilitate lock downs; providing shades in all classrooms for the purpose of lock downs; and, installation of security cameras at the front doors of all schools.

It is our hope that if awarded this grant we would then be able to install security cameras for key areas, both in and outside of the high school to provide surveillance and deterrents. We will also be purchasing portable breathalyzers and a computer to be used by the School Resource Officer. Additionally, anti-bullying and anti-cyber bullying seminars will be offered to school staff, students and parents.

5. Did the assessment include any staff, teacher, student, or parent survey data related to school climate?

- Yes No

If yes, please describe the survey instrument your agency used. Answers are limited to 1000 characters.

The ALL STAFF ALL SCHOOL SAFETY SURVEY contained very specific questions regarding how safe people felt in school, security, emergency procedures including 911 calls, background checks (CORI) for staff and parents, crisis response teams, and heightened awareness for reporting unusual or suspicious activity.

SECTION 10: EXECUTIVE SUMMARY

Please provide a brief summary of how your agency will use this federal funding. Refer to the COPS Application Guide for clarification on specific information to include in your summary, and be sure to provide a description of how you expect this grant to impact public safety and/or crime prevention in your community. The Executive Summary may be used to keep Congress or other executive branch agencies informed on law enforcement strategies to deter crime in your community.

[Please limit your responses to a maximum of 3,000 characters.]

Agency: Marblehead Police Department
State: Massachusetts
Point of contact: Chief Robert Picariello
781-631-1212

The Marblehead School Committee, along with the incoming Superintendent Dr. G. Mass and the Acting Superintendent Brian Salzer, Ed.S have approved the use of security cameras at the high school. The Police and schools have agreed that a School Resource Officer is needed at the high school and are working towards this goal.

We plan to use this federal funding to install 23 security cameras at \$3,500. each for a total of \$80,500., (this figure includes all the hardware and software necessary to install each camera), 2 portable breathalyzers at \$1,500 each for a total of \$3,000., 1 lap top and printer to be used by School Resource Officer for \$2,000. and \$2,500 for programming and events in conjunction with MarbleheadCARES to improve student police relations and student education around bullying and risky behaviors.

SECTION 11: PROJECT DESCRIPTION (NARRATIVE)

Please include in your application an in-depth narrative response detailing your proposed project. Please refer to the program-specific section of the COPS Application Guide: "How to Apply" section for information on what should be included in your response, as well as any additional formatting requirements and page length limitations. **Note: Child Sexual Predator Program (CSPP) and Community Policing Development (CPD) grant applicants must submit their entire project description narrative as an attachment in Section 13 of this application.**

A. Problem Identification

[Responses are limited to a maximum of 3,000 characters.]

The YRBS (YOUTH RISK BEHAVIOR SURVEY) was administered in 2008 to Marblehead high school students and again in the spring of 2011; we are awaiting those results. Previously, the YRBS reported:

- 80% of High School students reported drinking alcohol during the past 30 days prior to the survey.
- 37% reported binge drinking during the past 30 days; a statistic that is higher than the state average
- 64% reported believing that it is acceptable to drink and drive
- 47% reported using marijuana and prescription pain relievers, not prescribed by doctor (percocet, Tylenol with codeine, oxycontin and vicodin) as the most commonly used
- 25% reported being offered, sold, or given illegal drugs on school property during 12 months prior to survey.
- 9% reported carrying a weapon such as a knife, gun or club in 30 days prior to survey.
- 26% reported having been bullied during the last 12 months prior to survey.
- 30% reported being harassed at school or on the way to and from school.
- 12% reported skipping school because they felt unsafe
- 4% reported using alcohol and/or marijuana on school property
- 28% were involved in a physical fight in the past year
- 34% had driven with someone who had been drinking and 12% drove after drinking themselves.
- 12% considered suicide
- 6% had attempted suicide

Sadly, we know these numbers will increase, for instance, this past school year 18 substance abuse assessments were conducted by the nurse at the high school during school hours. An average of 45 students a month are seen in the high school health office with stress, mental health and behavioral health issues. This spring approximately 20 Marblehead and Swampscott youth were involved in a "fight" with weapons that began on Marblehead school property and resulted in some hospitalizations, arrests and prosecution.

Since September, the Marblehead Police have received the following 911 calls from the high school; 6 larceny; 5 vandalism; 5 crashes; 9 medicals; 3 bullying; 2 truancy; 1 CHINS; 1 weapons call; 15 assault/threat/fight calls; 5 no trespassing complaints. There were numerous other concerns that were handled in-house by the administration that did not require police intervention but did result in suspensions.

B. Project Goals/Objectives

[Responses are limited to a maximum of 3,000 characters.]

1. Funding this project will address the illicit behavior that goes on behind the high school, out of sight of administrators. With the installation of security cameras the Police and HS will be able to identify some of those involved as well as deter risky and illegal behaviors.
2. Securing the safety of the building through surveillance to assure exit doors are locked at all times.
3. With access to the security tapes, police will be able to identify individuals involved in criminal activity and take appropriate action.

C. Building Relationships and Solving Problems *[Responses are limited to a maximum of 3,000 characters.]*

Sharing relevant crime information with community members, seeking input, engaging with the community and collaborating with other agencies has been an on-going commitment to keeping our students safe. The Marblehead Public Schools, School Committee, Superintendent, Police Department, DA's office, Department of Social Services, Friends and Families, Probation, Department of Mental Health, Fire Department, Principals, parents, Marblehead Cares, Adjustment Counselors and the school nursing leader have been collaborating for several years on how to keep our students safe. It is with confidence we can say everyone has truly embraced the community policing philosophy.

Through these relationships Marblehead Police and public schools hopes to identify youth at risk and intervene before their behavior escalates to a level of serious criminal conduct.

Community policing promotes community, government and police partnerships, proactive problem solving and community engagement to address the causes of crime. Community policing identifies and attempts to correct the reasons behind the calls and reported problems. It does not eliminate enforcement activity, but encourages additional ways to make a difference. Problem solving and building police-community partnerships to address crime, violence, drug abuse and the fear of crime are key concepts for success.

The Marblehead Police Department recognizes that it cannot fulfill its mission without community support. It is imperative that a dialogue characterized by mutual trust and open and honest communication be maintained between the police department and the community. It must include a willingness to continually examine and modify policies and procedures to assure its mission is accomplished in a manner compatible with the best interest of the town.

D. Implementation Plan

[Responses are limited to a maximum of 3,000 characters.]

Upon the award of this grant, we will begin immediately with the purchase and installation of security cameras, September 2011 with completion expected by the end of December, 2011.

Educational events and programs will be scheduled for the 2011/2012 school year. Breathalyzers will be purchased and utilized immediately by the police both in and out of school time.

Computer and printer will be purchased immediately for the use of the high school Police liaison and eventually the School Resource Officer.

E. Evaluation Plan/Effectiveness of Program

[Responses are limited to a maximum of 3,000 characters.]

School administrators in conjunction with the police liaison will have regular access to review tapes on the designated computer.

The police will review and access tapes following illicit, mischievous behavior and the effectiveness will be realized in the increased ability to identify and prosecute individuals; effectiveness will also be determined by a reduction in vandalism and other illicit behaviors.

SECTION 14: BUDGET DETAIL WORKSHEETS

Instructions for Completing the Budget Detail Worksheets

The following Budget Detail Worksheets are designed to allow all COPS grant and cooperative agreement applicants to use the same budget forms to request funding. Allowable and unallowable costs vary widely and depend upon the type of COPS program. The maximum federal funds that can be requested and the federal/local share breakdown requirements also vary.

Please refer to the program-specific Application Guide to determine the allowable/unallowable costs, the maximum amount of federal funds that can be requested, and the federal/local share requirements for the COPS program for which your agency is applying. To assist you, sample Budget Detail Worksheets are included in each Application Guide.

Please complete each section of the Budget Detail Worksheets applicable to the program for which you are applying (see the program-specific Application Guide for requirements). If you are not requesting anything under a particular budget category, please check the appropriate box in that category indicating that no positions or items are requested.

All calculations should be rounded to the nearest whole dollar. Once the budget for your proposal has been completed, a budget summary page will reflect the total amounts requested in each category, the total project costs, and the total federal and local shares.

If you need assistance in completing the Budget Detail Worksheets, please call the COPS Office Response Center at 800.421.6770.

SECTION 14: BUDGET DETAIL WORKSHEETS

Instructions: This worksheet will assist your agency in reporting your agency's current entry-level salary and benefits and identifying the total salary and benefits request per officer position for the length of the grant term. Please list the current entry-level base salary and fringe benefits rounded to the nearest whole dollar for one full-time sworn officer position within your agency. Do not include employee contributions. (Please refer to the program-specific Application Guide for information on the length of the grant term for the program under which you are applying.)

Special note regarding sworn officer fringe benefits: For agencies that do not include fringe benefits as part of the base salary costs and typically calculate these separately, the allowable expenditures may be included under Part 1, Section B. Any fringe benefits that are already included as part of the agency's base salary (Part 1, Section A of the Sworn Officer Budget Worksheet) should not also be included in the separate fringe listing (Part 1, Section B).

Please refer to the program-specific Application Guide for information about allowable and unallowable fringe benefits for sworn officer positions requested under the program to which your agency is applying.

C. EQUIPMENT/TECHNOLOGY

Instructions: List non-expendable items that are to be purchased. Provide a specific description for each item and explain how the item supports the project goals and objectives as outlined in your application. Non-expendable equipment is tangible property (e.g., technology) having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Expendable items should be included either in the "SUPPLIES" or "OTHER" categories. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially for high-price items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the "CONTRACTS / CONSULTANTS" category.

Please be advised that, to the greatest extent practical, all equipment and products purchased with these funds must be American-made.

For agencies purchasing items related to enhanced communications systems, the COPS Office expects and encourages that, wherever feasible, such voice or data communications equipment should be incorporated into an intra- or interjurisdictional strategy for communications interoperability among federal, state, and local law enforcement agencies.

See the program-specific Application Guide for a list of allowable/unallowable costs for this program. Agencies are encouraged to limit their requests to the lines shown below and group similar items together so that all items are accounted for on the budget worksheet for each category. However, if your agency requires more lines please check the available box. Please limit your descriptions to 1000 characters.

Item Name	Computation (# of Items/Units X Unit Cost)	Per Item SubTotal	Description
Lap top	(1 X 2000)	\$2,000.00	lap top computer and printer

		Equipment/Technology Total: \$82,500.00	

D. SUPPLIES

Instructions: List items by type (office supplies; postage; training materials; copying paper; books; handheld tape recorders; etc). Provide a specific description for each item and explain how it supports the project goals and objectives outlined in your application. Generally, supplies include any materials that are expendable or consumed during the course of the project.

Agencies are encouraged to limit their requests to the lines shown below and group similar items together so that all items are accounted for on the budget worksheet for each category. However, if your agency requires more than lines please check the available box. Please limit your descriptions to 1000 characters.

E. TRAVEL/TRAINING

Instructions: Itemize grant-related travel expenses of grantee personnel (excluding consultants, whose expenses are listed in Section F) by event (e.g., mandatory training, staff to training, field interviews, advisory group meetings). Identify the location of travel whenever possible, and show the number of staff expected to attend each event. Training fees, transportation, lodging and per diem rates for trainees should be listed as separate travel items. Grantee travel costs specific to the grant project may be based on the grantee's written travel policy, assuming the costs are reasonable. Grantees without a written travel policy must follow the established federal rates (found at www.gsa.gov) for lodging, meals, and per diem. SECTION 15A: ASSURANCES

Several provisions of federal law and policy apply to all grant programs. The Office of Community Oriented Policing Services needs to secure your assurance that the applicant will comply with these provisions. If you would like further information about any of these assurances, please contact your state's COPS Grant Program Specialist at 800-421-6770.

By signing this form, the applicant assures that it will comply with all legal and administrative requirements that govern the applicant for acceptance and use of federal grant funds. In particular, the applicant assures us that:

1. It has been legally and officially authorized by the appropriate governing body (for example, mayor or city council) to apply for this grant and that the persons signing the application and these assurances on its behalf are authorized to do so and to act on its behalf with respect to any issues that may arise during processing of this application.
2. It will comply with the provisions of federal law, which limit certain political activities of grantee employees whose principal employment is in connection with an activity financed in whole or in part with this grant. These restrictions are set forth in 5 U.S.C. § 1501, et seq.
3. It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act, if applicable.
4. It will establish safeguards, if it has not done so already, to prohibit employees from using their positions for a purpose that is, or gives the appearance of being, motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business or other ties.
5. It will give the Department of Justice or the Comptroller General access to and the right to examine records and documents related to the grant.
6. It will comply with all requirements imposed by the Department of Justice as a condition or administrative requirement of the grant, including but not limited to: the requirements of 28 CFR Part 66 and 28 CFR Part 70 (governing administrative requirements for grants and cooperative agreements); 2 CFR Part 225 (OMB Circular A-87), 2 CFR 220 (OMB Circular A-21), 2 CFR Part 230 (OMB Circular A-122) and 48 CFR Part 31.000, et seq. (FAR 31) (governing cost principles); OMB Circular A-133 (governing audits) and other applicable OMB circulars; the applicable provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended; 28 CFR Part 38.1; the applicable COPS Application Guidelines; the applicable COPS Grant Owner's Manuals; and with all other applicable program requirements, laws, orders, regulations, or circulars.
7. It will, to the extent practicable and consistent with applicable law, seek, recruit and hire qualified members of racial and ethnic minority groups and qualified women in order to further effective law enforcement by increasing their ranks within the sworn positions in the agency.
8. It will not, on the ground of race, color, religion, national origin, gender, disability or age, unlawfully exclude any person from participation in, deny the benefits of or employment to any person, or subject any person to discrimination in connection with any programs or activities funded in whole or in part with federal funds. These civil rights requirements are found in the non-discrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. § 3789d); Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Indian Civil Rights Act (25 U.S.C. §§ 1301-1303); Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); Title II, Subtitle A of the Americans with Disabilities Act (ADA) (42 U.S.C. § 12101, et seq.); the Age Discrimination Act of 1975 (42 U.S.C. § 6101, et seq.); and Department of Justice Non-Discrimination Regulations contained in Title 28, Parts 35 and 42 (subparts C, D, E, G and I) of the Code of Federal Regulations.
 - A. In the event that any court or administrative agency makes a finding of discrimination on grounds of race, color, religion, national origin, gender, disability or age against the applicant after a due process hearing, it agrees to forward a copy of the finding to the Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531.
 - B. If your organization has received an award for \$500,000 or more and has 50 or more employees, then it has to prepare an Equal Employment Opportunity Plan (EEO Plan) and submit it to the Office for Civil Rights ("OCR"), Office of Justice Programs, 810 7th Street, N.W., Washington, DC 20531, for review within 60 days of the notification of the award. If your organization received an award between \$25,000 and \$500,000 and has 50 or more employees, your organization still has to prepare an EEO Plan, but it does not have to submit the EEO Plan to OCR for review. Instead, your organization has to maintain the EEO Plan on file and make it available for review on request. In addition, your organization has to complete Section B of the Certification Form and return it to OCR. If your organization received an award for less than \$25,000; or if your organization has less than 50 employees, regardless of the amount of the award; or if your organization is a medical institution, educational institution, nonprofit organization or Indian tribe, then your organization is exempt from the EEO Plan requirement. However, your organization must complete Section A of the Certification Form and return it to OCR.
9. Pursuant to Department of Justice guidelines (June 18, 2002 Federal Register (Volume 67, Number 117, pages 41455-41472)), under Title VI of the Civil Rights Act of 1964, it will ensure meaningful access to its programs and activities by persons with limited English proficiency.
10. It will ensure that any facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the project are not listed on the Environmental Protection Agency' (EPA) list of Violating Facilities and that it will notify us if advised by the EPA that a facility to be used in this grant is under consideration for such listing by the EPA.
11. If the applicant's state has established a review and comment procedure under Executive Order 12372 and has selected this program for review, it has made this application available for review by the state Single Point of Contact.

12. It will submit all surveys, interview protocols, and other information collections to the COPS Office for submission to the Office of Management and Budget for clearance under the Paperwork Reduction Act of 1995 if required.

13. It will comply with the Human Subjects Research Risk Protections requirements of 28 CFR Part 46 if any part of the funded project contains non-exempt research or statistical activities which involve human subjects and also with 28 CFR Part 22, requiring the safeguarding of individually identifiable information collected from research participants.

14. Pursuant to Executive Order 13043, it will enforce on-the-job seat belt policies and programs for employees when operating agency-owned, rented or personally-owned vehicles.

15. It will not use COPS funds to supplant (replace) state, local, or Bureau of Indian Affairs funds that otherwise would be made available for the purposes of this grant, as applicable.

16. If the awarded grant contains a retention requirement, it will retain the increased officer staffing level and/or the increased officer redeployment level, as applicable, with state or local funds for a minimum of 12 months following expiration of the grant period.

17. It will not use any federal funding directly or indirectly to influence in any manner a Member of Congress, a jurisdiction, or an official of any government, to favor, adopt, or oppose, by vote or otherwise, any legislation, law ratification, policy or appropriation whether before or after the introduction of any bill, measure, or resolution proposing such legislation, law, ratification, policy or appropriation as set forth in the Anti-Lobby Act, 18 U.S.C. 1913.

18. In the event that a portion of grant reimbursements are seized to pay off delinquent federal debts through the Treasury Offset Program or other debt collection process, it agrees to increase the non-federal share (or, if the awarded grant does not contain a cost sharing requirement, contribute a nonfederal share) equal to the amount seized in order to fully implement the grant project.

False statements or claims made in connection with COPS grants (including cooperative agreements) may result in fines, imprisonment, disbarment from participating in federal grants or contracts, and/or any other remedy available by law.

I certify that the assurances provided are true and accurate to the best of my knowledge.

Elections or other selections of new officials will not relieve the grantee entity of its obligations under this grant.
