How does Angel Mom Maureen Maloney respond to people who claim U.S. citizens commit more crimes than illegal aliens? "My son being killed is one death too many" for people who are in the country illegally.

Great night last night  
Christopher Maider here from The M&P Conservative Media Network.  
I want to remind you and re-invite you to join me and Jay McMahon on Aug 3rd at Compass Tavern, Worcester Mass. It would be an honor to have you join Jay, myself and invited guests. I am hoping Sheriff Lew will join us as well. I gave you my Worc. Tea Party card last night at the forum. My cell is [REDACTED]. Contact me anytime for details. The video I shot last night is in the final upload.  
Thank you again for a wonderful evening.

Dear Sheriff Hodgson,

My name is Allan Giberti, I am the current president of the Log Cabin Republicans of Rhode Island and I also host the conservative radio show Rhode Island Red Radio which airs on Mondays at 7pm EST and Tuesdays at 8pm EST on [990WBOB.com](http://990WBOB.com).

I would like to extend an invitation to you to be a call in guest on my show tonight to talk your recent opinion piece and the current insanity that is our immigration system. The call-in interview time would either be tonight at 8:30pm EST, but I can also do a pre-recorded interview if that works better for your schedule.

If you wanted to have a listen to see what my show is about, I have included a link to past shows I've done with Angel Moms Mary Ann Mendoza, Laura Wilkerson and Sabine Durden, Ami Horowitz, Abby Johnson, Dr. Alveda King, Lt. Colonel Allen West, Sheriff Bill Waybourn, Mike Lindell, A.F. Branco, Dean Cain, Juanita Broaddrick, Kevin Sorbo, Brigette Gabriel, Katie Hopkins, Andrew Pollack, JT Lewis, Gregory T. Angelo and Thomas Banks.

[990wbob.com/past-casts/cat...](http://990wbob.com/past-casts/cat...)

Also, here are two links to testimony I gave in front of the RI House Judiciary Committee in response multiple gun control bills they tried to pass in 2018 and 2019.

 You are clearly gullible. No one is "keeping the border open". GOP had a majority and Democrats vote for border security.

Yes drugs come through, it doesn't matter much the "war on drugs" will keep that going regardless.

We have HUGE emergencies no one is addressing and haven't addressed for over a decade because hating Clinton, Obama, Immigrants, etc is so much more fun.

Divide and conquer works every time.

**Sheriff Hodgson's statement on the indictment of a Massachusetts judge for allegedly helping a criminal illegal alien evade ICE**

I applaud United States Attorney Andrew Lelling for taking action by bringing an indictment against Judge Shelley M. Richmond Joseph, who is alleged to have assisted a criminal illegal alien evade our federal law enforcement officers.

The alleged conduct of this judge is a direct violation of her oath to uphold the law and protect the citizens of the Commonwealth of Massachusetts.

No judge, mayor or other official has the right to violate our laws by attempting to harbor or conceal someone from the enforcement efforts of our local, state, and federal law enforcement partners.

Blatant attempts to provide sanctuary to law breakers not only erodes our expectation of equal protection under the law, but also exposes the law abiding citizens and legal immigrants who we are sworn to protect to greater threats of danger.

Upholding and enforcing our nation's laws is essential to preserving a safe and secure America.

Shame on those who are filing frivolous lawsuits to make it harder for @ICEgov to apprehend criminal illegal aliens. Here's my thoughts on today's news that a group of DAs and advocates are suing to limit ICE in courthouses.

**Sheriff Hodgson's statement on Massachusetts lawsuit aimed at preventing ICE from making courthouse arrests**

Shame on the elected officials and pro-illegal advocates for filing this frivolous lawsuit, which seeks to make it more difficult for federal law enforcement officers to apprehend criminal illegal aliens.

U.S. Immigration and Customs Enforcement is on the front lines of the battle against drug smuggling, human trafficking and transnational gangs seeking to victimize our citizens and legal residents. As elected officials sworn to protect the people who put them in office, or as U.S. citizens who want their neighborhoods and families to be more safe, these District Attorneys and advocates should be working with law enforcement instead of partnering with criminal illegal immigrants.

I don't see these DAs or advocates filing bills and lawsuits to keep U.S. citizens and legal immigrants shielded from law enforcement in a courtroom. Barring ICE from a courthouse is the same as barring the FBI or the DEA. And if anyone in that courtroom, whether they came to court voluntarily or not, has a warrant or is suspected to be a part of criminal activity, why shouldn't law enforcement be

...to the same as being the father of the law in that courtroom, whether they came to court voluntarily or not, has a warrant or is suspected to be a part of criminal activity, why shouldn't law enforcement be there to act?

ICE officers are federal law enforcement professionals who risk their lives day in and day out protecting our communities: Shame on anyone, especially elected officials sworn to protect their citizens, who sides with the lawbreakers over law enforcement.

DAs, judges and all levels of law enforcement may be in different branches of the criminal justice system, but we should all have the same mission: Work together to keep the American people as safe as possible.

 They're not criminals until they're found guilty of a crime. And they can't be found guilty of a crime until they've had their day in court. ICE agents staking out courtrooms is in direct opposition to that goal. Shame on you, sheriff. I'm looking forward to your ouster.

 No, they are not. The illegality to which you refer is a civil affair, not a criminal one. They are not criminals. The real question here is, does Sheriff Hodgson, a law enforcement officer, realize this? If not, he's incompetent. If so, he's a liar. In either case, vote him out.

**Traci Benish** @TraciBenish · Apr 30  
 They ARE in this country illegally. Whether civil or criminal they have broken the law. To imply that we should look the other way unless or until they are CONVICTED of a CRIMINAL offense is just nonsense to me. Is that what u r suggesting?

**Grey Knight** @GreyKnight7777 · Apr 30  
 The fact is undocumented migrants are not criminals simply for being within US borders. To say otherwise is misinformed at best, and racist propaganda at worst. I am suggesting that a Massachusetts judge is not beholden to an ICE officer's request. The courts will uphold this.

**Traci Benish** @TraciBenish · Apr 30  
 Oh yes..... there's the "R" word. Can not ONE of you have a reasonable discussion without accusing someone of being racist? Countries have laws that protect citizens. We have to know who is living inside our borders. You can call it whatever you like.

**Grey Knight** @GreyKnight7777 · Apr 30  
 I agree, knowing who is living inside our borders is valuable. The surest way to do that is to avoid policies and policing which pushes people into the shadows. A more open immigration policy, with clearer, surer paths to

I agree, knowing who is living inside our borders is valuable. The surest way to do that is to avoid policies and policing which pushes people into the shadows. A more open immigration policy, with clearer, surer paths to citizenship is the way to accomplish this.

**Traci Benish** @TraciBenish · May 1  
No, it is not "valuable." It is necessary and if you are here, it is the law.

**Grey Knight** @GreyKnight7777 · May 1  
Jaywalking is against the law too. Not sure you even have a point here.

**Traci Benish** @TraciBenish · May 1  
My point is clear. If you are in this country, you are to be here legally. Laws are in place for good reasons. In this particular case, it is to ensure we have a safe society for all.

**Grey Knight** @GreyKnight7777 · May 1  
Some laws are in place for literally no reason. Case in point, you can't tell me the reason. You just just go on like, "I'm sure there's a good reason" and, "safety first!" It'd be comical, except that passive way of thinking causes people's lives to be ruined.

**Traci Benish** @TraciBenish · May 1  
We weren't talking about ALL laws, we were talking about a specific law. You were the one that suggested "jaywalking" is as important or as dangerous as people being in this country illegally.

I'm not suggesting, I'm saying that jaywalking is more dangerous than your typical person who is in this country "illegally," because that's a fact.

I wouldn't trade my staff for any in the world. There's plenty to celebrate in Bristol County during National Correctional Officers Week. My thoughts on #CorrectionsWk:

**This week we celebrate National Correctional Officers Week, honoring the dedicated men and women who provide public service in one of the most difficult and challenging jobs. In fact, they walk the most difficult beat in law enforcement. The job has become increasingly difficult, yet corrections employees remain focused on care, custody and reentry strategies to minimize the risks of having someone leave incarceration and continue a life of crime. This is an extremely difficult time for our family. We are overwhelmed with grief, yet hopeful that Stephanie will make a full recovery. She remains in critical condition but she is a strong girl. Anyone who knows her will tell you she is a fighter. My family is hopeful that the person responsible for this accident will come forward. This person must have panicked and fled and must be just as scared as we are. Please come forward. Our family is looking for answers and a sincere apology. We desperately ask that if anyone has any information to please contact the Westport police department. We would also like to thank our family friends and the community for their ongoing love and support.

America's Sheriffs stand in support of the people of New Mexico, their Sheriffs, and other New Mexico elected officials, who continue to be undermined by Members of Congress refusing to secure the border and pass legitimate immigration reforms.

New Mexico Congressional Delegation,

We elected officials in our respective New Mexico counties hereby declare that we believe the southern border immigration crisis has reached the level of an emergency situation.

This emergency must be addressed and it must be addressed immediately. Our communities do not have the resources nor the budgets to handle the massive influx of immigrants we are experiencing and are expected to experience in the very near future. Our scarce resources are in danger of being rapidly depleted to the point that we will be unable to effectively care for our own citizens and our existing homeless populations, many of whom are American veterans.

We, whom you represent, request that you put politics aside and support the President of the United States in his request for the supplemental funding necessary to effectively address this crisis and provide the New Mexicans you serve with the relief we so desperately need. We implore you to protect the border and provide processes that protect immigrants and/or asylum seekers crossing into the United States properly and legally.

border and provide processes that protect immigrants and/or asylum seekers crossing into the United States properly and legally.

It is with our constituent's support and with their well-being in mind that we request you exercise your elected duty to the people whom you serve and act now in this emergency situation to overcome the politics in addressing this humanitarian crisis with no further delay. Please work with the President to give relief and security to both New Mexicans and the immigrants entering through our southern border.

Some stats from @FAIRImmigration's Jonathan Hansen: Studies estimate between 11-22 million illegals in U.S. Studies also show fiscal impact of a net loss of \$50-115 Billion, after tax collections, on programs that service illegals.

 I love how you try to portray yourself as a "lawman" when you're just a hack who likes to kiss the bloated ass of traitors for the publicity. The most danger you've ever faced in your "career" is from a stray TV camera cable.

It has never been more clear as to the difference between public service and self service, which further defines the difference between a leader like President Trump and members of Congress who have spent their time on partisan self serving agendas.

President Trump understands and respects the reality that his powers are derived from the consent of the governed, and has been unyielding in his efforts and actions to reestablish a strong economy, safer communities, and the rule of law.

### Sheriff Thomas Hodgson's statement in support of ICE

A 51-year-old man from Honduras clutched a 6-month-old baby as he waded across the Rio Grande into the United States.

A single father hoping for a better life for his young baby? A man hoping to find steady employment to support his child? Not quite.

The man paid 2,000 lempira (the equivalent of \$80 U.S.) to buy — yes buy — the baby and a fake birth certificate from its mother. When border security officers in McAllen, Texas, told the man they would be testing their DNA, he came clean and fessed up to the scheme.

Customs and Border Patrol, Immigration and Customs Enforcement and the Department of Homeland Security are seeing things like this all the time along the southern border, thanks to Congress' inability to pass meaningful immigration reforms and appropriate funding to secure the border.

ICE officials shared this information with Sheriffs recently. The American people have a right to know what's really going on at the border, and how America's Sheriffs and our law enforcement partners are being undermined by illegals who refuse to follow our laws and Sanctuary officials who refuse to respect our laws.

People are literally purchasing children from their parents and using them to enter the United States. And make no mistake about it, the smuggling cartels aren't doing background checks on the buyers. Imagine this: A 5- or 6-year-old sold to a violent criminal or pedophile who uses the child to enter the U.S. and then uses the cover provided by the elected official of a Sanctuary City to make it easier to abuse the child. It's very possible, and may even be happening right here in Massachusetts where Sanctuary Cities like Somerville and Boston prohibit local law enforcement from working with ICE.

There are multiple cases of child imposters being apprehended at the border: Single adult males with fake birth certificates trying to gain entry as unaccompanied minors.

There are multiple cases of child imposters being apprehended at the border: Single adult males with fake birth certificates trying to gain entry as unaccompanied minors.

The list goes on and on, ICE is even deploying teams to stop "child recycling," which is people using these kids to come across the border, then sending them back home to be used again.

Congress has intentionally failed to pass legitimate immigration reform for decades, and coupled with local elected officials creating cover for illegal aliens in Sanctuary Cities, has resulted in an unprecedented flood of illegal aliens entering the United States. The surge is simply too much to handle and many are simply being released from the border into the U.S. with a date to appear in court years down the road. More than 94% of the family units from Central America who were apprehended at the Southwest border in FY2017 are still here in U.S.

America's Sheriffs stand with our law enforcement partners at ICE in its continuing efforts to uphold and enforce our nation's immigration laws both at the border and inside the country. No one is above the law, whether you were born inside or outside the U.S., and ICE officers continue to put their lives on the line every day to keep our neighborhoods and communities safe.

Because of the surge of migrants at the border, @DHSgov says border patrol agents now are spending more than half their time caring for families & children, providing medical assistance, driving buses, and serving food, instead of performing law enforcement duties.

Bristol County is an amazingly beautiful place. Swimmers taking part in the annual Buzzards Bay Swim had a gorgeous morning for the trek. Best to all the swimmers, and thanks to the @savebuzzardsbay for all the work they do to protect such a beautiful natural resource.

I hope you make it clear to anyone thinking of harboring or giving safe passage to illegals the consequences of their actions. Apparently some legislators approve hiding criminals from @ICEgov

Several members of congress gathered in the House yesterday for a memorial service for the two victims, yet these same lawmakers have never once held a similar gathering for the more than 2,000 innocent Americans who have been killed by criminal illegal immigrants.

Anyone who saw the photo of the father and daughter who drowned while attempting to enter the country illegally couldn't help but feel for the tragic loss of life.

Anyone who saw the photo of the father and daughter who drowned while attempting to enter the country illegally couldn't help but feel for the tragic loss of life.

What is disturbing and outrageous is the public display by members of the U.S. House of Representatives following the news of this terrible accident.

Several Members of Congress gathered in the House chamber for a moment of silence for the two victims, yet these same lawmakers have never once held a similar gathering for the more than 2,000 innocent Americans who have been killed by criminal illegal immigrants.

In fact, many Members of Congress have refused to meet with Angel Moms and Dads (the parents of those who lost lives at the hands of illegals) during the many times these parents have visited the Capitol.

What is most appalling and egregious about their lack of concern for the victims and their families is that they would put on a public display as though they had nothing to do with the fate of the Americans who have died and the illegal immigrants who have either died or been physically abused along their journey to the border.

*Truth be known, Congress has known about the growing victimization over more than*

either died or been physically abused along their journey to the border.

Truth be known, Congress has known about the growing victimization over more than two decades and has refused to secure the border and pass meaningful immigration reform.

Therefore, instead of using the House Chamber for political grandstanding, these Members of Congress should sit in their chairs and pass legislation that secures the border and discourages, rather than encourages, illegal immigration.

These Members of Congress ought to be ashamed of themselves!

Not only is Speaker Pelosi undermining law enforcement's efforts to apprehend lawbreakers, she is thumbing her nose at the Justices who gave these ILLEGAL immigrants their due process and ordered them to leave the United States, which they refused to do.

Nice conversation with @BrandonTruittTV for @wpri12 about @ICEgov and law enforcement. I told him the illegals reportedly targeted by the raids have a pattern of violating the laws of the United States, from illegal entry to not following deportation orders from a judge.

The rule of law is the framework that protects our individual liberties, our democracy and our nation. It outlines the rights and wrongs so our neighborhoods, communities, counties and country can be safe places to live, work and raise a family.

**Sheriff Hodgson's statement on criminal protesters**

The rule of law is the framework that protects our individual liberties, our democracy and our nation. It outlines the rights and wrongs so our neighborhoods, communities, counties and country can be safe places to live, work and raise a family.

The rule of law matters in Bristol County, Massachusetts, where criminal protesters were recently sentenced to time behind bars for violating our laws.

I thought about this today while watching the news coverage of the protesters who blocked the entrance to the Immigration and Customs Enforcement headquarters in Washington on Tuesday, preventing hard-working Americans from entering their workplaces. I hope the 11 protesters who were arrested are prosecuted to the fullest extent of the law.

There is a lawful way to protest and express you First Amendment rights. Last month, for example, more than 50 anti-ICE protesters gathered near the main entrance of the Bristol County House of Correction. They held signs and sang songs. They didn't trespass or cause any disturbances. No arrests were made, no incidents occurred and everyone went home after the demonstration.

It was a far cry from other protest demonstrations over the past year that resulted in jail sentences. In August, two individuals used tripod structures to hoist themselves 30 feet off the ground and block the main entrance to our facility, while two others used bike locks and tires full of cement to block our secondary entrance. They put many lives in danger by blocking emergency vehicles' access to our jail, and tied up police officers, fire fighters and other first responders who had to use the Jaws of Life and a jackhammer to free the protesters. In April, two

They put many lives in danger by blocking emergency vehicles' access to our jail, and tied up police officers, fire fighters and other first responders who had to use the Jaws of Life and a jackhammer to free the protesters. In April, two more individuals were arrested for disrupting a public meeting about our partnership with ICE. They were yelling and screaming and being extremely disruptive to the panelists and the meeting attendees.

One of these protesters served a 10-day sentence in jail for their actions, while another just started a similar sentence. Another received a suspended sentence, probation and a hefty restitution fine. Others are still going through the legal process.

Protesters who break the law should be held accountable. I'm proud that is the case in Bristol County, Massachusetts, and hope that the people who disrupted the ICE headquarters in Washington are held accountable for their actions. Failing to take proper action when lawbreakers violate our laws undermines the trust of our judicial system and exposes law-abiding people to having their freedom and safety compromised.

How can Members of Congress say no one's "above the law" when they're encouraging illegal immigration and helping them avoid law enforcement after arrival?

The fact that obstructionist members of Congress have hijacked the people's agenda and replaced it with self-serving political theater makes it clear that their priorities are not in alignment with those they were elected and trusted to serve.

The latest example is the constant refrain during the testimony of Robert Mueller that "no one is above the law." How incredibly outrageous for these people to make such a statement when the American people are keenly aware that they do not apply that same principle to the hundreds of thousands of people who have, and continue to, enter our country illegally and unlawfully.

Recently, House Speaker Nancy Pelosi stood behind a podium instructing illegal aliens how to avoid apprehension by law enforcement officers seeking to execute arrest warrants. ### Sheriff Hodgson's statement on Congress being 'Above the Law'

The fact that obstructionist members of Congress have hijacked the people's agenda and replaced it with self-serving political theater makes it clear that their priorities are not in alignment with those they were elected and trusted to serve.

The latest example is the constant refrain during the testimony of Robert Mueller that "no one is above the law." How incredibly outrageous for these people to make such a statement when the American people are keenly aware that they do not apply that same principle to the hundreds of thousands of people who have, and continue to, enter our country illegally and unlawfully.

Recently, House Speaker Nancy Pelosi stood behind a podium instructing illegal aliens how to avoid apprehension by law enforcement officers seeking to execute arrest warrants. Not only did Speaker Pelosi and other members of Congress put these law enforcement officers in greater danger for enforcing the laws created by Congress, but these elected officials attempted to assist these lawbreakers defy judges' orders after the lawbreakers already had their due process in courts.

Like so many other politically motivated contradictions of these obstructionists, Congress undermines the enforcement and judicial process of the very laws they created.

Several years ago, these same elected officials publicly stated that illegal immigrants cannot ignore our immigration laws by entering our country ahead of those who are waiting to follow the lawful. Those same lawmakers now condemn President Trump, as well as U.S. Customs and Border Protection and U.S. Immigration and Customs Enforcement while encouraging more and more illegal immigrants to enter the United States of America in defiance of our laws.

For months, these same members of Congress lied to the American people saying there was not a crisis at the border knowing full well that they had been told time and again by CBP, ICE, Sheriffs, and others that, in fact, there was an extreme humanitarian crisis.

When government ceases to be "by and for the people," it is the people who must take action. It's time to hold lawmakers accountable at the ballot box for "being above the law" by encouraging others to violate our laws and enter the country illegally, and then helping them avoid law enforcement while they're here.

These Members of Congress took the same oath I've taken as the elected Sheriff of Bristol County, Massachusetts, and that oath carries a sworn duty to do everything in our power to keep our country, states, counties, communities and neighborhoods as safe as possible.

America, it's time to tell Congress enough is enough: Protect our families, support law enforcement and uphold the laws you've created or we will elect new representatives who will.

Great job by our volunteer inmates. From painting schools and senior centers to helping nonprofits with a range of services, they always do an amazing job. Wishing everyone a happy, safe Portuguese Feast weekend!

**Bristol County Sheriff's Office** @BristolSheriff · Jul 30  
Volunteer inmate workers in the BCSO's Community Work Program spent the last two weeks getting Madeira Field ready for the 105th Feast of the Blessed Sacrament. Inmates unloaded 18-wheelers full of tons of meat, set up all the wine and food stands, and helped any way possible.

Working with other law enforcement agencies makes us better. Our K9 team regularly trains with @FallRiverPD, @NewBedfordPD, @SomersetPD and others to stay on top of the game.

Southeastern Massachusetts' new K9s are doing great after the first few days of training. In this video, Officer Dillingham runs a drill with, from left, BCSSO Officer Isherwood and Xiro; @FallRiverPD Sgt. Richard and Odin; and BCSSO Officer Bulgar and Eros.

One of the many reasons why America is the best country in the world is our freedom to express ourselves. That's why when protesters show up along the parade route and boo and yell "shame" as I walk by, I give them a wave, a smile and a thumbs up. God Bless America.

Total apprehensions at the southwest border has already climbed up to 760,370 this year, with 71,999 in July.

The highest total apprehensions in the last seven fiscal years was 2014 with total apprehensions of 569,253.

We must close the loopholes incentivizing these crossings.

**Sheriff Hodgson's testimony against bills that would allow illegal immigrants to obtain Massachusetts driver's licenses**

Roberto Villegas and Eric Matos had, between the two of them, nine Massachusetts driver's licenses and more than 15 different identities when they were arrested on drug charges.

Wilson Soto had at least four different identities when he was arrested in Tewksbury.

Fentanyl-trafficking suspect Jose Vitini-Arias was able to obtain a REAL-ID compliant license under the stolen identity of Jonathan Almando Roman Vazquez.

All of these individuals used stolen identities to remain in the United States and evade law enforcement in their criminal enterprises.

And let me be perfectly clear on this next point: Passing these bills will make it even easier for criminal illegal aliens to evade law enforcement and victimize law-abiding U.S. citizens and Massachusetts residents.

Making illegal immigrants eligible for official Massachusetts driver's licenses is not only wrong, but also... #mapoli

Making illegal immigrants eligible for official Massachusetts driver's licenses is not only wrong, but reckless. It will have a negative effect on the public safety of the people of the Commonwealth.

Good morning everyone. I'm Thomas Hodgson and I've been the elected Sheriff of Bristol County for more than 20 years. Prior to that, I headed the internal affairs unit in Bristol County, and was a police officer and lieutenant in Ocean City, Maryland.

I've arrested drug dealers. I've investigated homicides. I've established multi-agency task forces. I've discussed public safety challenges with town police chiefs, city police commissioners, county Sheriffs from coast to coast, and federal officials at the highest levels of national government in Washington.

I've been in law enforcement for more than 30 years, and I can safely say, without a doubt, that crime will rise, more innocent people will be victimized and more identities will be stolen if illegal immigrants have access to official driver's licenses.

These illegal immigrants have already chosen to disrespect and disobey our laws by coming to and remaining in the United States unlawfully. Why are we rewarding law-breakers?

I've been working on immigration reforms for more than 20 years and am as frustrated as anyone that Congress has failed to

These illegal immigrants have already chosen to disrespect and disobey our laws by coming to and remaining in the United States unlawfully. Why are we rewarding law-breakers?

I've been working on immigration reforms for more than 20 years and am as frustrated as anyone that Congress has failed to secure the border and pass a meaningful and much-needed immigration package. Congress' failure has allowed drugs to pour into our neighborhoods, transnational gangs to grow stronger, human and sex traffickers to victimize children and young women, and sadly, the loss of American lives at the hands of criminal illegal immigrants here in Massachusetts and across the country.

The answer to this problem is not to allow illegals to obtain official driver's licenses. The answer, for the good of everyone in Massachusetts and everyone in the United States, is to demand that Congress do its job, secure the border, and pass meaningful and complete immigration legislation on the federal level.

In closing, it's important to point out that Massachusetts has the highest migration of illegals between 2007-2017, according to Pew Research Center. The Bay State added more than 60,000 illegals over the 10-year span, most in the nation. Does anyone not think it's related to the fact that, according to the DEA Drug Threat Assessment Report, Massachusetts is the second-most common place to find fentanyl in the U.S.?

As an elected official, I took an oath to uphold the constitution and protect the citizens of the Commonwealth. Nowhere in that oath does it give me the right to reward those who violate our laws with the privileges afforded to those who obey them.

**Sheriff Hodgson reflects on Constitution Day and Citizenship Day**

The United States of America is a nation of immigrants, built by immigrants and filled with not only immigrants, but the sons, daughters, grandchildren and descendants of immigrants.

We are a country of laws built upon our Constitution, which grants people from other countries the right to live, work and enjoy the benefits of U.S. citizenship if they earn it.

An example of this would be my father, who came to America from England by respecting our immigration laws. He followed the rules and procedures required to earn U.S. citizenship, and by doing so, set a clear example for myself and my 12 brothers and sisters that rules and laws are meant to be followed.

I stand with @realDonaldTrump in welcoming more than 34,000 immigrants who will become U.S. citizens at naturalization ceremonies this week, and I thank them and the more than 750,000 who became citizens last year for doing it the right way and respecting our immigration laws.

**Sheriff Hodgson reflects on Constitution Day and Citizenship Day**

The United States of America is a nation of immigrants, built by immigrants and filled with not only immigrants, but the sons, daughters, grandchildren and descendants of immigrants.

We are a country of laws built upon our Constitution, which grants people from other countries the right to live, work and enjoy the benefits of U.S. citizenship if they earn it.

An example of this would be my father, who came to America from England by respecting our immigration laws. He followed the rules and procedures required to earn U.S. citizenship, and by doing so, set a clear example for myself and my 12 brothers and sisters that rules and laws are meant to be followed.

Between Sept. 13 and 23, the United States of America will welcome more than 34,000 new citizens at more than 300 different naturalization ceremonies throughout the country, according to the Department of Homeland Security's U.S. Citizenship and Immigration Services division. Each of these new citizens will stand proudly and recite their oath to uphold the rules, regulations and laws of our Constitution.

Their families will embrace them with open arms, and the United States of America will embrace and welcome the newest members of our American family.

I urge all Americans who are in the company of anyone who honored our constitution and the rule of law to become United States citizens to thank them for respecting and adhering to the rule of law and our country's established guidelines to become citizens.

These U.S. citizens deserve our thanks and congratulations every day, but especially in the times we're living in which more illegal aliens are not only sneaking into our country and disrespecting our laws, but are also being actively encouraged to disobey the law and evade law enforcement by elected officials in Sanctuary Cities and States.

Last year, the United States of America welcomed more than 756,000 new citizens with open arms, a five-year high in new oaths of citizenship, according to USCIS. From the bottom of my heart, I welcome, congratulate and thank each and every one of them.

**Statement from Bristol County Sheriff Thomas M. Hodgson  
on Congressional Democrats' lack of funding for border security**

Yet again, Congress is about to put politics ahead of public safety.

The current spending proposal by presumptive House Speaker Nancy Pelosi and House Democrats contains no funding for the wall or border security. Their proposal includes full funding for six of the seven remaining appropriation measures.

The one they do not want to fund? The Department of Homeland Security. They want to fund everything but border security, and kick DHS funding down the road until February.

It's the latest example of Congress ignoring the American lives being lost at the hands of criminal illegal aliens. It's another example of how Congress turns the other way on drugs pouring over the border and into our neighborhoods. Sadly, it's the latest example of our elected representatives making it harder for law enforcement to keep neighborhoods and communities safe and protect the people from additional dangers.

The American people did not elect Rep. Pelosi and other like-minded members of Congress to impose their partisan political welfare over the welfare of our families, neighbors and our nation.

Our safety and security cannot be compromised by politics anymore.

It is time for all Americans to demand that Rep. Pelosi stop using our nation's Capitol as a political playground. It's time for her to represent people, not politics.

I urge all Americans to use your voice and contact Rep. Pelosi and your local Representative in Congress to tell them that we demand funding for Border security – NOW! – and that we are not willing to be subject to being victimized by criminal illegal aliens. You will find the Congressional contact information at <https://www.house.gov/representatives>.

This latest proposal by Rep. Pelosi and house Democrats underscores the argument that the most fundamental responsibility of government, our public and personal safety, is held hostage once again to partisan political agendas.

Please, contact your elected representatives in Congress and tell them that enough is enough.

## Statement from Bristol County Sheriff Thomas M. Hodgson on President Donald J. Trump's State of the Union address

President Donald Trump is keeping his promise to the American people. He's delivering real solutions to the problems that impact our society, from our nation to our neighborhoods.

Watching the State of the Union address Tuesday evening, I couldn't help but think about that and remember back to the promise he made when he declared his candidacy for president: He would focus on our problems and work for real, common-sense solutions.

The president highlighted the issues he's tackled and the results, and looking back on first two years of her presidency, I can safely say America is better today than it was at the end of 2016. He spoke about his priorities and key issues, from infrastructure to national security, including:

1. The long-ignored impacts of illegal immigration on the safety and welfare of Americans.
2. The negative impacts of the unfair and unbalanced trade policies that stymied economic growth.
3. The burden on many American families of not having access to quality affordable health care.

Let's face it; our country is in a position for greatness by having a president with a special talent to clearly see the challenges ahead of us and with the leadership skills to caucus with officials and experts on all sides to develop a path forward.

The consistency and commitment of President Trump to do the people's work illustrates the true distinction between public service and self-service. If only more in Washington acted the same way.

America is full of hope, and it's easy to understand why after hearing the president not only speak of his accomplishments in his first two years in office, but defining the path forward to success. He is an effective problem-solver who brings great energy and enthusiasm toward a simple goal: A country in which its citizens are more prosperous, more safe and more secure.

**UNITED STATES–MEXICO–CANADA TRADE FACT SHEET**

**Strengthening North American Trade in Agriculture**

The United States, Mexico and Canada have reached an agreement to benefit American farmers, ranchers, and agribusinesses. While agriculture has generally performed well under NAFTA, important improvements in the agreement will enable food and agriculture to trade more fairly, and to expand exports of American agricultural products.

**Key Achievement: Expanded Market Access for American Food and Agricultural Products.**

America's dairy farmers will have new export opportunities to sell dairy products into Canada. Canada will provide new access for United States products including fluid milk, cream, butter, skim milk powder, cheese, and other dairy products. It will also eliminate its tariffs on whey and margarine. For poultry, Canada will provide new access for United States chicken and eggs and increase its access for turkey. Under a modernized agreement, all other tariffs on agricultural products traded between the United States and Mexico will remain at zero.

**Key Achievement: Canada's Milk Classes 6 and 7 to Be Eliminated**

The top priority for America's dairy industry in this negotiation has been for Canada to eliminate its program that allows low priced dairy ingredients to undersell United States dairy sales in Canada and in third country markets. As a result of the negotiation, Canada will eliminate what is known as its milk classes 6 and 7. In addition, Canada will apply export charges to its exports of skim milk powder, milk protein concentrates and infant formula at volumes over agreed threshold, which will allow United States producers to expand sales overseas.

**Key Achievement: Setting Unprecedented Standards for Agricultural Biotechnology**

For the first time, the agreement specifically addresses agricultural biotechnology to support 21<sup>st</sup> century innovations in agriculture. The text covers all biotechnologies, including new technologies such as gene editing, whereas the Trans-Pacific Partnership text covered only traditional rDNA technology. Specifically, the United States, Mexico, and Canada have agreed to provisions to enhance information exchange and cooperation on agricultural biotechnology trade-related matters.

**Key Achievements: Significant Commitments to Reduce Trade Distorting Policies, Improve Transparency, and Ensure Non-Discriminatory Treatment for Agricultural Product Standards**

Building on NAFTA, the United States, Mexico, and Canada agreed to work together in other fora on agriculture matters, improve transparency and consultations on matters affecting trade among the countries.

The United States, Mexico, and Canada agreed to several provisions to reduce the use of trade distorting policies, including:

- To not use export subsidies or World Trade Organization (WTO) special agricultural safeguards for products exported to each other's market.
- Improved commitments to increase transparency and consultation regarding the use of export restrictions for food security purposes.
- If supporting producers, to consider using domestic support measures that have minimal or no trade distorting or production effects and ensure transparency of domestic support and supply management programs.

Canada and the United States also agreed to strong rules to ensure tariff-rate quotas are administered fairly and transparently to ensure the ability of traders to fully use them.

**Key Achievement: Fair Treatment for Quality Requirements for Wheat and other Agricultural Products**

Canada has agreed to grade imports of United States wheat in a manner no less favorable than it accords Canadian wheat, and to not require a country of origin statement on its quality grade or inspection certificate. Canada and the United States also agreed to discuss issues related to seed regulatory systems.

To facilitate the marketing of food and agricultural products, Mexico and the United States agreed that grading standards and services will be non-discriminatory for all agricultural goods and will establish a dialogue to discuss grading and quality trade related matters.

**Key Achievement: Enhanced Rules for Science-Based Sanitary and Phytosanitary Measures**

In the Sanitary and Phytosanitary (SPS) Measures chapter, the United States, Mexico, and Canada have agreed to strengthen disciplines for science-based SPS measures, while ensuring Parties maintain their sovereign right to protect human, animal, and plant life or health. Provisions include increasing transparency on the development and implementation of SPS measures; advancing science-based decision making; improving processes for certification, regionalization and equivalency determinations; conducting systems-based audits; improving transparency for import checks; and working together to enhance compatibility of measures. The new agreement would establish a new mechanism for technical consultations to resolve issues between the Parties.

**Key Achievement: New Disciplines on Geographic Indications**

For the first time in NAFTA, the United States and Mexico have agreed to geographical indication standards that: enhance transparency for opposition and cancellation proceedings for geographical indications (GIs); establish a mechanism to consult on GIs pursuant to international agreements; and allow for additional factors that may be taken into account in determining whether a term is a common name instead of a GI.

**Key Achievement: Market Access for Certain Cheese Names**

In addition, for the first time in a United States trade agreement, Mexico and the United States agreed to not restrict market access in Mexico for U.S. cheeses labeled with certain names.

**Key Achievement: Prohibiting Barriers for Alcohol Beverages**

The United States, Mexico, and Canada agreed to non-discrimination and transparency commitments regarding sale and distribution, and labeling and certification provisions to avoid technical barriers to trade in wine and distilled spirits. They agreed to continue recognition of Bourbon Whiskey, Tennessee Whiskey, Tequila, Mezcal, and Canadian Whisky as distinctive products.

**Key Achievement: New Protections for Proprietary Food Formulas**

The United States, Mexico, and Canada agreed on the Annex on Proprietary Food Formulas, which requires each Party to protect the confidentiality of proprietary formulas for food products in the same manner for domestic and imported products. It also limits such information requirements to what is necessary to achieve legitimate objectives.

#### **.05 Competitive Procurement Exceptions**

A Sheriff's Office shall be authorized to procure certain Commodities and/or Services without a competitive procurement. These Commodities and/or Services are outlined below including the required documents that should be included in the vendor procurement file.

The Office of the Comptroller's Expenditure Classification Handbook contains object classes and object codes that indicate the type of goods and services to be used in all accounting for expenditures of Commonwealth funds. Sheriff's Offices should refer to this handbook for instructions regarding the encumbering and expenditure of all funds.

Many of the procurement exceptions listed below require an internal Sheriff's form entitled the "Office of the Sheriff's Competitive Procurement Exception Explanation" form. A copy is located at the end of this policy.

1. **Incidental Purchases:** A one-time purchase, or multiple purchases, with a total dollar value that does not exceed the minimum amount established by law.
2. **Legal Exemption from Competitive Procurement:** A general law, special law or other existing legal obligation that specifically exempts or prohibits a Sheriff's Office or a specific Contract from being competitively procured or specifically names a particular Contractor(s) to be awarded a Contract. *(Copy of law, or reference or cite shall be included in the vendor procurement file.)*
3. **Emergency Contract:** An emergency Contract shall be appropriate whenever a Sheriff, or his designee, determines that an unforeseen crisis or incident has arisen which requires or mandates the immediate acquisition of Commodities and/or Services to avoid substantial harm to the functioning of the Sheriff's Office or the provision of necessary or mandated services or whenever the health, welfare or safety of Clients or other persons or serious damage to property is threatened. An emergency Contract shall be effective only for the period necessary to cure the emergency. *(Include the Office of the Sheriff's Competitive Procurement Exception Explanation Form in the vendor procurement file.)*
4. **Collective Purchasing:** The acquisition of Commodities and/or Services by one or more Sheriff's Offices from existing Contracts that have been established by or are proposed by federal agencies, other States, any other public entity, or multiple department user contracts issued by other Commonwealth departments. *(Attach Contract, or reference Contract and maintain in the vendor procurement file.)*
5. **Interim Contracts:** An Interim Contract may be used to prevent a lapse of Contract performance in the following circumstances:
  - a. **Termination or Suspension of Current Contractor:** An Interim Contract may be executed whenever an existing Contract has been or will be terminated or

- suspended for any reason or whenever a Contractor is unable to complete full performance under a Contract. An Interim Contract may be offered to the Bidder that offered the next Best Value Response under the original Procurement and under the same terms and prices offered in that Bidder's original Response. The duration of an Interim Contract shall be limited to the remaining time available under the duration stated in the original RFR, including any options to renew. If the Sheriff's Office is unable to negotiate a Contract with any of the original Bidders who submitted Responses, in their original rank order according to Best Value, and under the same terms as offered in their original Response, the Department will be required to conduct a new competitive Procurement. *(Include the Office of the Sheriff's Competitive Procurement Exception Explanation Form in the vendor procurement file.)*
- b. Delayed Competitive Procurement: An Interim Contract may be executed with a current Contractor(s) when a new competitive Procurement has been commenced, but due to an unanticipated delay, has not been completed prior to the end of the duration available under the current Contract, as specified in that Contract's original RFR. An Interim Contract may be used to extend the current Contract(s), under the same terms and conditions, only for the period necessary to complete the competitive Procurement, including the execution of new Contracts. *(Include the Office of the Sheriff's Competitive Procurement Exception Explanation Form in the vendor procurement file.)*
6. Contract Employees: A Sheriff's Office requiring the performance of an Individual Contractor, where the planned Contract performance has been classified, prior to the Contractor's selection, as work of a Contract Employee and not that of an Independent Contractor, may select an individual for that Contract using a recruitment process similar to the process the Sheriff's Office uses to select employees, rather than using the Request for Response process under section .06, Competitive Procurement Standards, of this policy. *(OSD, CTR, and HRD have jointly issued the policy "Contract Employees vs. Independent Contractor" which provides additional guidance. Attach documentation of recruitment process)*
7. The advertising of required notices. *(Include the Office of the Sheriff's Competitive Procurement Exception Explanation Form in the vendor procurement file.)*
8. The purchase of supplies or services from any agency or instrumentality of the federal government, the Commonwealth, or any of its political subdivisions.

The federal government, when performing contract work for the Commonwealth, routinely refuses to sign the Commonwealth boilerplates. Upon review of department legal counsel and CTR and/or OSD counsel, a department may develop its own alternative form to memorialize performance requirements or sign a form prescribed by the federal government. Agreements with quasi-federal entities are not included within this exception.

  13. Job-related training, educational or career development services to the employees of the Sheriff’s Office. *(Include the Office of the Sheriff’s Competitive Procurement Exception Explanation Form in the vendor procurement file.)*
  14. The procurement of library books, textbooks, educational programs, courses, or curricula, subscriptions, audiovisual materials, or software maintenance without competition when, after reasonable investigation, the Sheriff’s Office determines in writing that only one practicable source for the required supply or service exists. (One method for making such a determination is by posting a Notice of Intent to Contract on COMM-Pass.) The Sheriff’s Office shall procure a proprietary item by competitive procurement if more than one potential qualified bidder for that item exists. *(Include the Office of the Sheriff’s Competitive Procurement Exception Explanation Form in the vendor procurement file.)*
  15. All acquisitions of Commodities and/or Services must be competitively procured unless the acquisition qualifies as one of the exceptions listed under section .05, Competitive Procurement Exceptions, of this policy. A Sheriff's Office shall be responsible for conducting a Procurement for single or multiple Contracts for Commodities and/or Services in accordance with this policy.

Two documents are attached to this policy (Thresholds for RFR Distribution to Potential Bidders by Sheriff's Office, and Sheriff's Office Transaction Matrix). By this reference, these documents are to be considered part of this policy.

1. Procurement File: A Sheriff's Office shall maintain a paper or electronic Procurement file for each Procurement of Commodities and/or Services. The file shall contain the original, copies or the file location of the RFR and data or other information relevant to the Procurement and selection of a Contractor, the executed Contract form(s), correspondence with the Contractor and any applicable approvals or justifications.
2. Duration: The duration of any Contract procured or executed under this policy shall include the initial duration of a Contract, either less than one fiscal year, a single fiscal year or multiple fiscal years, and any options to renew beyond the initial duration of the Contract. The duration established for a Contract shall be the period determined by the Sheriff's Office to be reasonably necessary to obtain the required Commodities and/or Services at the Best Value for the Sheriff's Office and shall be subject to Available Funding for the Contract, as follows:
  - a. The duration of any Contract funded with an annual operating appropriation (account type 01) account(s) is subject to the appropriation by the Legislature, in each fiscal year of the Contract, of sufficient funds for the purposes of the Contract.

- d. The duration of any Contract funded with a federal grant appropriation (account type 04) account(s) is subject to appropriation in each fiscal year of the Contract, of sufficient funds for the purposes of the Contract.
  - e. The initial duration of any Contract funded with a capital appropriation (account type 02) account(s) is limited to the fiscal years in which sufficient funds are appropriated by the Legislature for the purposes of the Contract, provided that any options to renew which extend beyond the original authorization of funding of the capital account(s) funding the Contract is subject to the extension, by the Legislature, of the authorization of funding or a separate appropriation, in each additional fiscal year of the Contract, with sufficient funds for the purposes of the Contract.
  - f. If the appropriation, authorization or Available Funding ceases for a Contract, for any reason, a Contract shall be deemed under Suspension and Contract performance must halt. A Contractor shall not be entitled to compensation for any performance provided during the period of Contract Suspension. A Sheriff's Office may lift the Suspension if Available Funding is received. In the absence of Available Funding, a Sheriff's Office may terminate the Contract.
3. Scope of Contract Participants: A Sheriff's Office may draft a Request for Response (RFR) for specified Commodities and/or Services to include an option for additional Departments to purchase under the same terms of the RFR and may require Bidders to provide Responses specifying their ability to provide the specified Commodities and/or Services to other Departments in addition to the Sheriff's Office and the rates that will be used for the additional business given to the Contractor.
4. Request for Responses (RFR)
- a. An RFR shall be used to solicit and select Responses from qualified Bidders under a competitive Procurement. The goal of all RFRs shall be to obtain the Best Value of Commodities and/or Services for the Sheriff's Office. An RFR may include attributes of any of the methods of competitive Procurement formerly referred to as a request for proposals, request for response, qualifications, or quotes, Request for bids or good business practices.
  - b. The Procuring Department shall draft an RFR which it deems appropriate, efficient and cost effective for the type of Procurement required, in accordance with applicable policies and procedures of the Sheriff's Office. These policies and procedures may include total Contract value thresholds, minimum Procurement requirements and legal or regulatory restrictions, including limitations on the purchasing of certain types of restricted Commodities or Services or from certain restricted Bidders, and requirements and allowable preferences for purchasing of certain types of Commodities and Services.
  - c. An RFR shall include the Acquisition Method to be used; whether single or multiple Contractors are sought; whether additional Departments will have access to the Procurement as outlined in this section of this policy; the

- anticipated duration of the Contract including anticipated renewal options, the available funding or anticipated compensation for the Contract, if relevant; detailed specifications or the anticipated goals or outcomes to be accomplished by the Procurement; instructions for submission of Responses; and a deadline date for submission of Responses.
- d. RFRs may be used to establish criteria which prospective Bidders must satisfy in order to be placed on a list of qualified Contractors. These criteria may include, but are not limited to, technical expertise, experience, quality of performance, location, availability of Commodities and Services, rates, prices, catalogs of Commodities and/or Services or other criteria relevant to a particular Procurement.
  - e. Any Response to an RFR submitted by a Bidder shall be considered a firm offer and shall remain effective unconditionally for a minimum of 45 days unless a longer period is specified in an RFR, or unless extended by the Sheriff's Office upon prior notice to Bidders.
5. Identification of Bidders or Public Notice: A Sheriff's Office shall be responsible for identifying Bidders capable and willing to provide the Sheriff's Office with the Best Value of Commodities and/or Services. A Sheriff's Office shall identify potential Bidders through public notice, newspaper or electronic advertisements or other methods, or as required by law. For large procurements, the posting of such notice(s) or advertisement(s) shall be not less than two weeks prior to the time specified for the receipt of responses. To solicit responses to an RFR, a Sheriff's Office may, at its discretion, utilize the Commonwealth Procurement Access and Solicitation System (Comm-PASS).
  6. Procurement Amendments: A Sheriff's Office may, at any time prior to the execution of a Contract, and without penalty, amend a Procurement or change the Procurement requirements, scope, budget or Procurement schedule upon written notice to Bidders.   7. Procurement Cancellation: A Sheriff's Office may for any reason, and at any time prior to the execution of a Contract, and without penalty, notify Bidders of a cancellation of a Procurement and the rejection of all Responses.
  8. Corrections or Clarifications to a Submitted Response: A Sheriff's Office shall determine whether to allow a correction of minor informalities in a Response. Minor informalities are matters of form rather than substance and include clerical errors or minimal or insignificant mistakes that can be corrected without prejudice to other Bidders. A Sheriff's Office may, upon written request of a Bidder, allow a correction of a minor informality in a Response which is clearly evident, such as a typographical error, transposition error or arithmetical error where the correct answer is obvious, or if the mistake is discovered by the Sheriff's Office, the Sheriff's Office may note the correction on the Response. If a Sheriff's Office requires a clarification of any particular section of a Response the Sheriff's Office must provide all Bidders that submitted Responses with the same notice and opportunity for clarification of

the identified section in the Response. Clarifications are explanations of what is stated in a Response and may not be used as an opportunity to submit supplemental information or a change to a Response, unless the Sheriff's Office specifically requests these submissions or changes as part of the clarification of all Responses. No correction or clarification of Response prices, terms and conditions or the submission of supplemental information prejudicial to the interests of other Bidders or to fair competition shall be permitted.

9. References: A Sheriff's Office shall have the right to request references at any time during the Procurement process and at any time during the period of Contract performance. A Sheriff's Office may verify any references included in a Bidder's Response and conduct any other reference or credit checks as the Sheriff's Office deems appropriate. The Sheriff's Office may consider any written references, including documentation of performance records of a Bidder on file at the Sheriff's Office or solicited from any other Department or entity, documentation of reference checks or other documentation solicited by or submitted to the Sheriff's Office during the Procurement process.
10. Disqualification: A Sheriff's Office shall disqualify any Response that the Sheriff's Office determines to be unresponsive, including, but not limited to:
  - a. Responses which are received after the deadline for submission specified in an RFR;
  - b. Responses that fail to meet, address or comply with material requirements in an RFR, including instructions for submission, content or format;
  - c. Responses which indicate collusion or unfair trade practices by one or more Bidders agreeing to act in a manner intended to avoid or frustrate any of the provisions of this policy or any other law or regulation; or,
  - d. Responses submitted by a Bidder, or which identify a subcontractor, currently subject to any State or federal debarment order or determination. If the identified subcontractor is replaceable without a material effect on the Bidder's Response, the Bidder may be given the opportunity to select another subcontractor prior to execution of the Contract.
11. Evaluation of Responses and Selection of Bidder(s): A Sheriff's Office shall have the authority to evaluate Responses and select a Bidder(s) that it determines has offered the Best Value Response to the goals and performance requirements outlined in the RFR.
12. Notification of Selected Bidders: A Sheriff's Office shall determine the timing and method of notifying Bidders of the Bidder(s) selected for Contract negotiation or the Contractor(s) that has executed a Contract. Notice may be limited to those Bidders who submitted Responses to an RFR.
13. Press Conferences or News Release Restrictions: No Bidder shall make any press conference, news releases or announcements concerning its selection or non-selection for a Contract prior to the Sheriff's Office public release of said information or prior to the written approval of the Sheriff's Office.
14. Debriefing: An RFR may contain the opportunity for non-successful Bidders to

request a debriefing to be conducted after Contract execution with Selected Bidder(s). Debriefings are designed to identify the weak areas of a Bidder's Response and suggest improvements for future Procurements. Comparisons with other Responses will not be made during a debriefing. If an RFR is silent as to an opportunity for a debriefing, the Sheriff's Office shall have the option to grant or deny a debriefing and may limit the number of debriefings granted.

15. Dispute Resolution Procedures for Human and Social Service Procurements: OSD may issue policies and procedures for conducting debriefings and appeals for Human and Social Service Procurements.

  - a. The language of the RFR shall determine what elements of Contract performance or cost, within the scope of the original RFR and a Bidder's or Contractor's Response, may be negotiated.  INTER-GOVERNMENTAL SERVICE AGREEMENT  
 BETWEEN THE  
 UNITED STATES DEPARTMENT OF HOMELAND SECURITY  
 U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT  
 OFFICE OF DETENTION AND REMOVAL  
 AND  
 BRISTOL COUNTY SHERIFF OFFICE  
 400 FAUNCE CORNER ROAD  
 N. DARTMOUTH, MA 02747

This Inter-Governmental Service Agreement ("Agreement") is entered into between United States Department of Homeland Security Immigration and Customs Enforcement ("ICE"), and Bristol County Sheriff Office ("Service Provider") for the detention and care of aliens ("detainees"). The term "Parties" is used in this Agreement to refer jointly to ICE and the Service Provider.

**FACILITY LOCATION:**

The Service Provider shall provide detention services for detainees at the following institution(s):

BRISTOL COUNTY CORRECTIONAL AND JAIL  
 400 FAUNCE CORNER ROAD  
 N. DARTMOUTH, MA 02747

**Article I. Purpose**

- A. **Purpose:** The purpose of this Intergovernmental Service Agreement (IGSA) is to establish an Agreement between ICE and the Service Provider for the detention, and care of persons detained under the authority of the Immigration and Nationality Act, as amended. All persons in the custody of ICE are "Administrative Detainees". This term recognizes that ICE detainees are not charged with criminal violations and are only held in custody to assure their presence throughout the administrative hearing process and to assure their presence for removal from the United States pursuant to a lawful final order by the Immigration Court, the Board of Immigration Appeals or other Federal judicial body.
- B. **Responsibilities:** This Agreement sets forth the responsibilities of ICE and the Service Provider. The Agreement states the services the Service Provider shall perform satisfactorily to receive payment from ICE at the rate prescribed in Article I, C.
- C. **Guidance:** This is a fixed rate agreement, not a cost reimbursable agreement, with respect to the detainee day rate. The detainee day rate is \$90.00. ICE shall be responsible for reviewing and approving the costs associated with this Agreement and subsequent modifications utilizing all applicable federal procurement laws, regulations and standards in arriving at the detainee day rate.

## Article II. General

- A. Funding: The obligation of ICE to make payments to the Service Provider is contingent upon the availability of Federal funds. ICE will neither present detainees to the Service Provider nor direct performance of any other services until ICE has the appropriate funding. Orders will be placed under this Agreement when specific requirements have been identified and funding obtained. Performance under this Agreement is not authorized until the Contracting Officer issues an order, in writing. The effective date of the Agreement will be negotiated and specified in a delivery order to this Agreement that is supported by the ICE Contracting Officer. This Agreement is neither binding nor effective unless signed by the ICE Contracting Officer. Payments at the approved rate will be paid upon the return of the signed Agreement by the authorized Local Government official to ICE.
- B. Subcontractors: The Service Provider shall notify and obtain approval from the ICE Contracting Officer's Technical Representative (COTR) or designated ICE official if it intends to house ICE detainees in a facility other than the Bristol County Correctional Facility. If either that facility, or any future facility is operated by an entity other than the Service Provider, ICE shall treat the entity as a subcontractor to the Service Provider. The Service Provider shall obtain the Contracting Officer's approval before subcontracting the detention and care of detainees to another entity. The Contracting Officer has the right to deny, withhold, or withdraw approval of the proposed subcontractor. Upon approval by the Contracting Officer, the Service Provider shall ensure that any subcontract includes all provisions of this Agreement, and shall provide ICE with copies of all subcontracts. All payments will be made to the Service Provider. ICE will not accept invoices from, or make payments to a subcontractor.
- C. Consistent with Law: This is a firm fixed rate agreement, not cost reimbursable agreement. This Agreement is permitted under applicable statutes, regulation, policies or judicial mandates. Any provision of this Agreement contrary to applicable statutes, regulation, policies or judicial mandates is null and void and shall not necessarily affect the balance of the Agreement.

## Article III. Covered Services

- A. Bedspace: The Service Provider shall provide male/female beds on a space available basis. The Service Provider shall house all detainees as determined within the Service Provider's classification system. ICE will be financially liable only for the actual detainee days as defined in Paragraph C of Article III.
- B. Basic Needs: The Service Provider shall provide ICE detainees with safekeeping, housing, subsistence, medical and other services in accordance with this Agreement. In providing these services, the Service Provider shall ensure compliance with all applicable laws, regulations, fire and safety codes, policies and procedures. If the Service Provider determines that ICE has delivered a person for custody who is under the age of eighteen (18), the Service Provider shall not house that person with adult detainees and shall immediately notify the ICE COTR or designated ICE official. The types and levels of services shall be consistent with those the Service Provider routinely affords other inmates.

C. Unit of Service and Financial Liability. The unit of service is called a "detainee day" and is defined as one person per day. The detainee day begins on the date of arrival. The Service Provider may bill ICE for the date of arrival but not the date of departure. The Service Provider shall not charge for costs that are not directly related to the housing and detention of detainees. Such costs include but are not limited to:

- 1) Salaries of elected officials
- 2) Salaries of employees not directly engaged in the housing and detention of detainees
- 3) Indirect costs in which a percentage of all local government costs are pro-rated and applied to individual departments unless those costs are allocated under an approved Cost Allocation Plan
- 4) Detainee services which are not provided to, or cannot be used by, Federal detainees
- 5) Operating costs of facilities not utilized by Federal detainees
- 6) Interest on borrowing (however represented), bond discounts, costs of financing/refinancing, except as prescribed by OMB Circular A-87.
- 7) Legal or professional fees (specifically legal expenses for prosecution of claims against the Federal Government, legal expenses of individual detainees or inmates)
- 8) Contingencies

D. Interpretive Services. The Service Provider shall make special provisions for non-English speaking, handicapped or illiterate detainees. ICE will reimburse the Service Provider for the actual costs associated with providing commercial written or telephone language interpretive services. Upon request, ICE will assist the Service Provider in obtaining translation services. The Service Provider shall provide all instructions verbally either in English or the detainees' language, as appropriate, to detainees who cannot read. The Service Provider shall include the actual costs that the Service Provider paid for such services on its monthly invoice. Except in emergency situations, the Service Provider shall not use detainees for translation services. If the Service Provider uses a detainee for translation service, it shall notify ICE within twenty-four (24) hours of the translation service.

E. Escort and Transportation Services. The Service Provider will provide, upon request and as scheduled by ICE, necessary escort and transportation services for ICE detainees to and from designated locations. Escort services will be required for escorting detainees to court hearings; escorting witnesses to the courtroom and staged with the ICE Judge during administrative proceedings. Transportation Services shall be performed by at least two (2) qualified sworn law enforcement or correctional officer personnel employed by the Service Provider under their policies, procedures and authorities. See Article XVII.

#### Article IV. Receiving and Discharging Detainees

A. Required Activity. The Service Provider shall receive and discharge detainees only to and from properly identified ICE personnel or other properly identified Federal law enforcement officials with prior authorization from DHS/ICE. Presentation of U.S. Government identification shall constitute "proper identification." The Service Provider shall furnish receiving and discharging services twenty-four (24) hours per day, seven (7) days per week. ICE shall furnish the Service Provider with reasonable notice of receiving and discharging detainees. The Service Provider shall ensure positive identification and recording of detainees and ICE officers. The Service Provider

shall not permit medical or emergency discharges except through coordination with on-duty ICE officers.

B. Emergency Situations: ICE detainees shall not be released from the facility into the custody of other Federal, state, or local officials for any reason, except for medical or emergency situations, without express authorization of ICE.

C. Restricted Release of Detainees: The Service Provider shall not release ICE detainees from its physical custody to any persons other than those described in Paragraph A. of Article IV for any reason, except for either medical, other emergency situations, or in response to a federal writ of habeas corpus. If an ICE detainee is sought for federal, state, or local proceedings, only ICE may authorize release of the detainee for such purposes. The Service Provider shall contact the ICE COTR or designated ICE official immediately regarding any such requests.

D. Service Provider Right of Refusal: The Service Provider retains the right to refuse acceptance, or request removal, of any detainee exhibiting violent or disruptive behavior, or of any detainee found to have a medical condition that requires medical care beyond the scope of the Service Provider's health care provider. In the case of a detainee already in custody, the Service Provider shall notify ICE and request such removal of the detainee from the Facility. The Service Provider shall allow ICE reasonable time to make alternative arrangements for the detainee.

E. Emergency Evacuation: In the event of an emergency requiring evacuation of the Facility, the Service Provider shall evacuate ICE detainees in the same manner, and with the same safeguards, as it employs for persons detained under the Service Provider's authority. The Service Provider shall notify the ICE COTR or designated ICE official within two (2) hours of evacuation.

#### Article V. DHS/ICE Detention Standards

##### SATISFACTORY PERFORMANCE

The Service Provider is required to house detainees and perform related detention services in accordance with the most current edition of ICE National Detention Standards (<http://www.ice.gov/partners/dro/opsmanual/index.htm>). ICE Inspectors will conduct periodic inspections of the facility to assure compliance with the ICE National Detention Standards.

#### Article VI. Medical Services

A. Auspices of Health Authority: The Service Provider shall provide ICE detainees with on-site health care services under the control of a local government designated Health Authority. The Service Provider shall ensure equipment, supplies, and materials, as required by the Health Authority, are furnished to deliver health care on-site.

B. Level of Professionalism: The Service Provider shall ensure that all health care service providers utilized for ICE detainees hold current licenses, certifications, and/or registrations with the State and/or City where they are practicing. The Service Provider shall retain a registered nurse to provide health care and sick call coverage unless expressly stated otherwise in this Agreement. In

the absence of a health care professional, non-health care personnel may refer detainees to health care resources based upon protocols developed by United States Public Health Service (USPHS) Division of Immigration Health Services (DIHS).

C. Access to Health Care: The Service Provider shall ensure that on-site medical and health care coverage as defined below is available for all ICE detainees at the facility for at least eight (8) hours per day, seven (7) days per week. The Service Provider shall ensure that its employees solicit each detainee for health complaints and deliver the complaints in writing to the medical and health care staff. The Service Provider shall furnish the detainees instructions in his or her native language for gaining access to health care services as prescribed in Article III, Paragraph D.

D. On-Site Health Care: The Service Provider shall furnish on-site health care under this Agreement. The Service Provider shall not charge any ICE detainee an additional fee or Co-payment for medical services or treatment provided at the Service Provider's facility. The Service Provider shall ensure that ICE detainees receive no lower level of on-site medical care and services than those it provides to local inmates. On-site health care services shall include arrival screening within twenty-four (24) hours of arrival at the facility, sick call coverage, provision of over-the-counter medications, treatment of minor injuries (e.g. lacerations, sprains, and contusions), treatment of special needs and mental health assessments. Detainees with chronic conditions shall receive prescribed treatment and follow-up care.

1. Bristol County Sheriff Office contracts for medical care with Correctional Medical Care Inc. and it is comprehensive treatment, including diagnostic services and treatment. Under the terms of this agreement the Government will not be charged for any medical services until after December 6, 2009. DIHS will handle medical services after December 6, 2009.

E. Arrival Screening: Arrival screening shall include at a minimum TB symptom screening, planting of the Tuberculin Skin Test (PPD), and recording the history of past and present illnesses (mental and physical). The health care service provider or trained health care personnel may perform the arrival screening.

F. Acceptance of Detainees with Extreme Health Conditions: If the Service Provider determines that an ICE detainee has a medical condition which renders that person unacceptable for detention under this Agreement, (for example, contagious disease, condition needing life support, uncontrollable violence), the Service Provider shall notify the ICE COTR or the designated ICE official. Upon such notification the Service Provider shall allow ICE reasonable time to make the proper arrangements for further disposition of that detainee.

G. DIHS Pre-Approval for Non-Emergency Off-Site Care: The Service Provider shall obtain DIHS approval for any non-emergency, off-site healthcare for any detainee. DIHS acts as the agent and final health authority for ICE on all off-site detainee medical and health related matters. The relationship of the DIHS to the detainee equals that of physician to patient. The Service Provider shall release any and all medical information for ICE detainees to the DIHS representatives upon request. The Service Provider shall solicit DIHS approval before proceeding with non-emergency, off-site medical care (e.g. off site lab testing, eyeglasses, cosmetic dental prosthetics, dental care for cosmetic purposes). The Service Provider shall submit supporting documentation for non-routine,

off-site medical health services to DIHS. For medical care provided outside the facility, DIHS may determine that an alternative medical provider or institution is more cost-effective or more aptly meets the needs of ICE and the detainees. ICE may refuse to reimburse the Service Provider for non-emergency medical costs incurred that were not pre-approved by the DIHS. The Service Provider shall send all requests for pre-approval for non-emergent off-site care to:

Phone: (888) 718-8947  
 FAX: (866) 475-9349  
 Via website: www.inshealth.org

The Service Provider shall have access to an off-site emergency medical provider at all times. The Health Authority of the Service Provider shall notify the DIHS Managed Care Coordinator by calling the telephone number listed in paragraph G above as soon as possible, and in no case more than seventy-two (72) hours after detainee receipt of such care. The Health Authority will obtain pre-authorization from the DIHS Managed Care Coordinator for service(s) beyond the initial emergency situation.
- I. Off-Site Guards: The Service Provider shall provide guards at all times detainees are admitted to an outside medical facility.
- J. DIHS Visits: The Service Provider shall allow DIHS Managed Care Coordinators reasonable access to its facility for the purpose of liaison activities with the Health Authority and associated Service Provider departments.

The Service Provider shall implement a Self-Reporting requirement for its employees to immediately report one's own criminal arrest/s to superiors.

C. Security Management. The Service Provider shall appoint a senior official to act as the Agreement Security Officer. The individual will interface with the COTR on all security matters, to include physical, personnel, and protection of all Government information and data accessed by the Service Provider.

The COTR and Contracting Officer shall have the right to inspect the procedures, methods, all documentation and facilities utilized by the Service Provider in complying with the security requirements under this Agreement. Should ICE determine that the Service Provider is not complying with the security requirements of this Agreement, the Service Provider shall be informed in writing by the Contracting Officer of the proper action to be taken in order to effect compliance with these employment screening requirements.

#### Article IX. Period of Performance

- A. This Agreement shall become effective upon the date of final signature by the ICE Contracting Officer and the authorized signatory of the Service Provider and will remain in effect indefinitely unless terminated in writing by either party. Either party must provide written notice of intention to terminate the agreement, 60 days in advance of the effective date of formal termination, or the Parties may agree to a shorter period under the procedures prescribed in Article XI.
- B. Basis for Price Adjustment: A firm fixed price with economic adjustment provides for upward and downward revision of the stated Per Diem based upon cost indexes of labor and operating expenses, or based upon the Service Provider's actual cost experience in providing the service.

#### Article X. Inspection

- A. Jail Agreement Inspection Report: The Jail Agreement Inspection Report stipulates minimum requirements for fire/safety code compliance, supervision, segregation, sleeping utensils, meals, medical care, confidential communication, telephone access, legal counsel, legal library, visitation, and recreation. The Service Provider shall allow ICE to conduct inspections of the facility, as required, to ensure an acceptable level of services and acceptable conditions of confinement as determined by ICE. No notice to the Service Provider is required prior to an inspection. ICE will conduct such inspections in accordance with the Jail Agreement Inspection Report. ICE will share findings of the inspection with the Service Provider's facility administrator. The Inspection Report will state any improvements to facility operation, conditions of confinement, and level of service that will be required by the Service Provider.
- B. Possible Termination: If the Service Provider fails to remedy deficient service identified through an ICE inspection, ICE may terminate this Agreement without regard to the provisions of Articles IX and XI.
- C. Share Findings: The Service Provider shall provide ICE copies of facility inspections, reviews, examinations, and surveys performed by accreditation sources.

#### Article XI. Modifications and Disputes

- A. Modifications: Actions other than those designated in this Agreement will not bind or incur liability on behalf of either Party. A modification will become a part of this Agreement only after the ICE Contracting Officer and the authorized signatory of the Service Provider have approved the modification in writing.
- B. Disputes: The ICE Contracting Officer and the authorized signatory of the Service Provider will settle disputes, questions and concerns arising from this Agreement. Settlement of disputes shall

be memorialized in a written modification between the ICE Contracting Officer and authorized signatory of the Service Provider. In the event a dispute is not able to be resolved between the Service Provider and the ICE Contracting Officer, the ICE Contracting Officer will make the final decision. If the Service Provider does not agree with the final decision, the matter may be appealed to the ICE Head of the Contracting Activity (HCA) for resolution. The ICE HCA may employ all methods available to resolve the dispute including alternative dispute resolution techniques. The Service Provider shall proceed diligently with performance of this Agreement pending final resolution of any dispute.

#### Article XII. Adjusting the Detainee Day Rate

ICE shall reimburse the Service Provider at the fixed detainee day rate shown on the cover page of the document, Article I. (C). The Parties may adjust the rate twenty-four (24) months after the effective date of the agreement and every twelve (12) months thereafter. The Parties shall base the cost portion of the rate adjustment on the principles of allowability and allocability as set forth in OMB Circular A-87, federal procurement laws, regulations, and standards in arriving at the detainee day rate. The request for adjustment shall be submitted on an ICE Jail Services Cost Statement. If ICE does not receive an official request for a detainee day rate adjustment that is supported by an ICE Jail Services Cost Statement, the fixed detainee day rate as stated in this Agreement will be in place indefinitely. See Article XI A.

ICE reserves the right to audit the actual and/or prospective costs upon which the rate adjustment is based. All rate adjustments are prospective. As this is a fixed rate agreement, there are no retroactive adjustment(s).

In so agreeing, the Service Provider does not waive any defenses, immunities or limits of liability available to it under state or federal law.

- C. Defense of Suit In the event a detainee files suit against the Service Provider contesting the legality of the detainee's incarceration and/or immigration/citizenship status, ICE shall request that the U.S. Attorney's Office, as appropriate, move either to have the Service Provider dismissed from such suit, to have ICE substituted as the proper party defendant; or to have the case removed to a court of proper jurisdiction. Regardless of the decision on any such motion, ICE shall request that the U.S. Attorney's Office be responsible for the defense of any suit on these grounds.
- D. ICE Recovery Right The Service Provider shall do nothing to prejudice ICE's right to recover against third parties for any loss, destruction of, or damage to U.S. Government property. Dear Doug,

Thank you so much for your help in arranging the roundtable and awards presentation to President Trump for the 44 Sheriffs from across the country. Also, it was great meeting you and having a chance to chat.

I want to also convey to you how incredibly impressed my staff and I are with Brittany Carter's efforts to coordinate our visit, providing updates on times, and logistics for both events. As you can imagine, organizing the visit of 44 Sheriffs required some back and forth regarding securing of weapons, security registration, etc. Britt's responsiveness and organizational skills were extremely helpful and greatly appreciated.

Please pass along my gratitude and that of my Chief of Staff, Elizabeth Doyle, for the excellent job she did organizing our Sheriffs' events.

Sincerely,

Thomas M. Hodgson  
Sheriff

## NSA Withholds Support for First Step Act

NSA and other law enforcement officials recently met with senior staff from the Trump administration to discuss changes to the First Step Act, a proposed criminal justice reform bill that could be approved by Congress after the midterm elections. In its current form, First Step could authorize early release for thousands of inmates by retroactively increasing good time and program participation credits. (See Capital Watch on page 68 for additional details about the proposal.)

“According to reports, the First Step Act will release dangerous criminals back

into our communities without valid job training,” said Jonathan Thompson, NSA’s executive director and CEO, in a release. “The bill fails to provide substance abuse treatment or individual and family counseling services needed throughout the process to a successful re-entry to society. Law enforcement wants fewer inmates in jails and prisons, but according to the Bureau of Prisons, the bill falls far short in the funding, personnel, and social services needed to protect our communities.”

He lauded President Donald Trump for initiating actions against the opioid epidemic.

But “sheriffs remain deeply concerned over the prospects of the First Step Act,” Thompson said. “Reports that the legislation calls for the immediate release of up to 4,000 inmates, including dangerous heroin and fentanyl dealers, repeat violent firearm offenders, and malicious MS-13 gang members are disturbing, if true. At this point, we can’t offer our support without seeing the specific language being considered.”

## A DANGEROUS FIRST STEP

Prison reform bill would release violent offenders early if passed

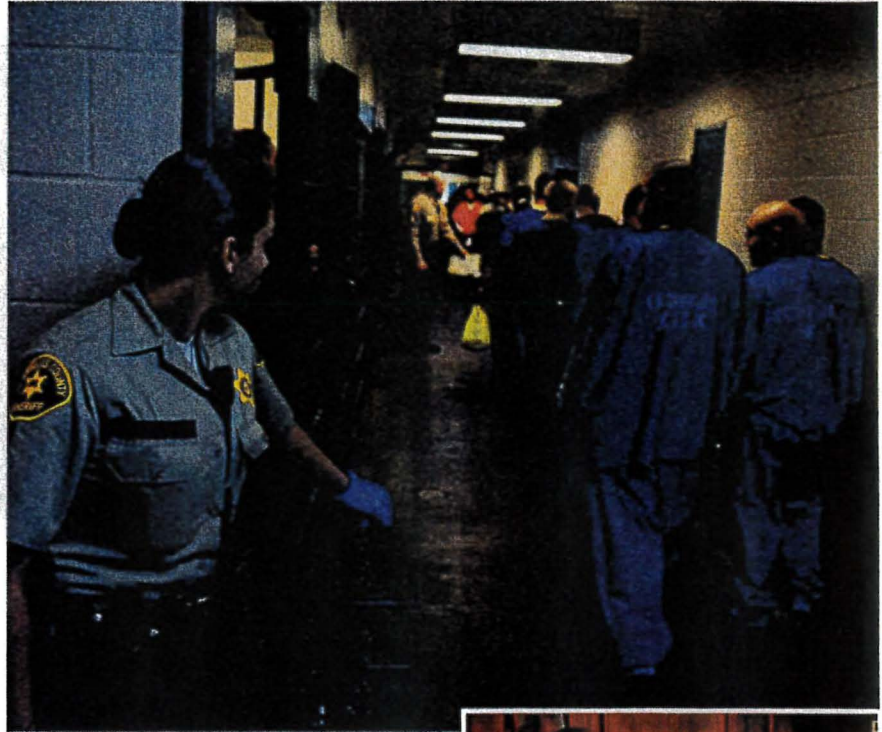

By Madeleine Colaiezzi

The First Step Act, a bipartisan prison reform bill, was introduced and passed in the House of Representatives in May. Having stalled in the Senate, the bill is starting to regain traction there with the support of the White House. Framed to support programs that seek to reduce offender recidivism, it overlooks many key aspects of prison reform that are extremely important to state and local law enforcement.

NSA believes that one of the major flaws in this bill is the authorization of early release for up to 4,000 inmates by retroactively increasing good time and program participation credits. While program participation credits exclude certain offenses, eligible participants include heroin and fentanyl traffickers. It is not only unreasonable to suggest that opioid and fentanyl dealers are “low/medium-risk” offenders, the association thinks it is tone-deaf at a time when the nation is facing a dangerous drug epidemic.

Violent crime rose in America in 2015 and 2016, according to FBI crime data. Homicides increased 8.6 percent nationwide in 2016, with cities such as Baltimore, Chicago, and Kansas City, Missouri, witnessing marked increases in homicide rates. Meanwhile, the opioid abuse epidemic shows no sign of abating. More than 47,000 Americans died from drug overdoses in 2014—then an all-time high. In 2015, the number of deaths rose to 50,000; and in 2016, it jumped to 64,000. Drug overdose deaths, including those resulting from opioid use, now exceed those caused by auto accidents.

According to National Institute of Justice (NIJ) statistics from 2014, about two-thirds (67.8 percent) of state prisoners were re-arrested within three years of release, and more than half in their first year of release. Among federal inmates, 44.7 percent are re-arrested within five years, a Bureau of Justice Statistics (BJS) study says. The burden of re-arrest usually falls on local law enforcement, producing a safety concern for law enforcement

officers and their communities, as well as a substantial cost burden.

With these statistics in mind, NSA believes it’s important to look at the negative effects that the First Step Act could produce for law enforcement and communities at large. The current version of the bill includes an illegal alien exclusion that’s ripe for misinterpretation. The original draft proposed that illegal immigrant prisoners subject to deportation be turned over to ICE before being released to home confinement, but this provision was removed prior to passage in the House. Such leniency would seem contradictory to the Trump administration’s platform.

In addition to what NSA sees as dangerous exemptions to good time and program participation credits, First Step seeks to remove caps for home confinement sentences for low/minimum-risk prisoners. While exceptions are enumerated, the Bureau of Prisons (BOP) estimates that under the version passed by the House,

approximately 82,000 prisoners would become eligible for credits.

While NSA supports Congress and the administration’s attempt to reduce recidivism through education and rehabilitation, this legislation has flaws. Numerous law enforcement groups have come out against the First Step Act, indicating that it is not a law enforcement-friendly bill. NSA feels that the First Step Act is fundamentally dangerous to the safety of LEOs and the communities they protect. ★

November 29, 2018

The Honorable Donald J. Trump  
President of the United States  
The White House  
1600 Pennsylvania Ave. NW  
Washington, DC 20500

Dear Mr. President:

On November 1, I reached out to Sheriffs across the United States to gauge interest in supporting your administration's criminal justice reform initiative, sending the following out to my brother and sister Sheriffs:

We applaud President Donald Trump's efforts to advance an initiative that channels inmates to responsibly prepare for reentry into our communities. As a pro-law and order President, he recognizes that one of the greatest contributions to public safety is to have more inmates leave prison with more life skill tools in their toolbox so they may successfully and productively reenter our communities becoming responsible law abiding citizens.

Establishing public policy that allows those incarcerated to earn early release, based on accountable and measured outcomes from participation in prison programs and post release educational, treatment, and employment requirements meets the important balance of minimal risk to those we are responsible to protect and providing those who meet the release criteria a new pathway to become a lawful, contributing member of society.

We, the undersigned fully support President Trump's reentry initiative and look forward to working with the Administration staff to ensure that the specific language is consistent with our shared priority to keep our citizens, our neighbors, and our nation from being exposed to future criminal victimization.

Mr. President, please see the attached list of Sheriffs from coast-to-coast who signed on to support criminal justice reform. We look forward to continuing to work with your administration to make our neighborhoods, communities and counties better, safer places to live, work and raise a family.

Sincerely,

  
Thomas M. Hodgson

# Benefits

*Depending on what kind of job you are pursuing you will be able to be exposed to their offered benefits which you'll be able to apply yourself towards. The following list below will give you a more in-depth understanding on what benefits to look out for:*

**Health Insurance:** Employer-sponsored health insurance is a health policy selected and purchased by your employer and offered to eligible employees and their dependents. These are also called group plans. Your employer will typically share the cost of your premium with you.

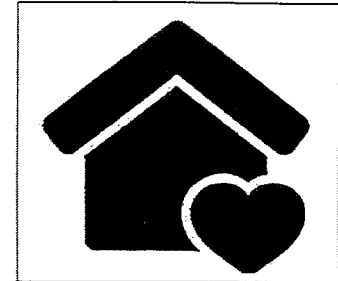

## Advantages of an employer plan

- Your employer often splits the cost of premiums with you.
- Your employer does all of the work choosing the plan options.
- Premium contributions from your employer are not subject to federal taxes, and your contributions can be made pre-tax, which lowers your taxable income.

**Retirement/ 401K:** 401k plan is an arrangement that allows an employee to choose between taking compensation in cash or deferring a percentage of it to a 401k account under the plan. Some employers will match your amount allocated.

**Educational Refund:** An employer-based tuition reimbursement program provides a debt-free way for employees to get the college education they need at an affordable cost. Some companies pick up the entire tab for students who maintain a solid grade point average, while others provide a partial reimbursement.

# Housing Resources

The listed are housing resources in the Bristol County Area

**Halfway House:** a center for helping former drug addicts, prisoners, psychiatric patients; or others to adjust to life in general society; the halfway point in a progression.

**Shelter:** a place providing food and accommodations for the homeless.

**Public Housing:** housing provided for people with low incomes, subsidized by public funds.

**TAO:** Transitional Assistance Office.

## Dos and Don'ts

**Do:** Connect with a workforce development center or a community organization.

**Don't:** Try to do it by yourself.

Resources will vary by state and locality, but there are many organizations out there that can help you with your job search, develop a resume and start networking. Some programs may even have on-the-job training or work experience programs.

**Do:** Prepare yourself as much as you can for your job search.

**Don't:** Think that your felony conviction is the only thing keeping you from finding employment.

Lack of work experience, mistakes or misspellings on applications, poor interviewing skills and inadequate education or training are among a few things that could be keeping you from getting that job offer. Have someone review your applications before you submit them, and practice interviewing.

**Do:** Schedule your job search into your day, every day.

**Don't:** Wing it.

The ones who create a job search schedule and stick by it are the ones who will find jobs faster. Try to plan your job search for each day of the upcoming week. Your full-time job is to look for a job, but job searching involves more than just applications. It also involves everything that can help keep you going in your job search, as well.

**Do:** Network and volunteer.

**Don't:** Isolate yourself.

The solution is not for you to isolate yourself completely but to find a new, positive circle of friends. Getting involved in community organizations and volunteering are great ways to do this.

**Do:** Read every question on the application carefully.

**Don't:** Forget to double-check your application for errors – or lie on your application.

Check your spelling, read the questions carefully and be honest. Resist the temptation to lie on your application when asked about your felony conviction. That's almost a guaranteed way not to get the job, since most employers do background checks. Don't put too much information, though.

## **Am I eligible for federal student aid if I am released on probation or on parole?**

- The restrictions that apply while you are confined in a secure facility are removed when you're released, even if you are released on probation or parole, unless any of the circumstances in the next question apply to you.

## **What types of convictions will continue to affect my eligibility for federal student aid after my release?**

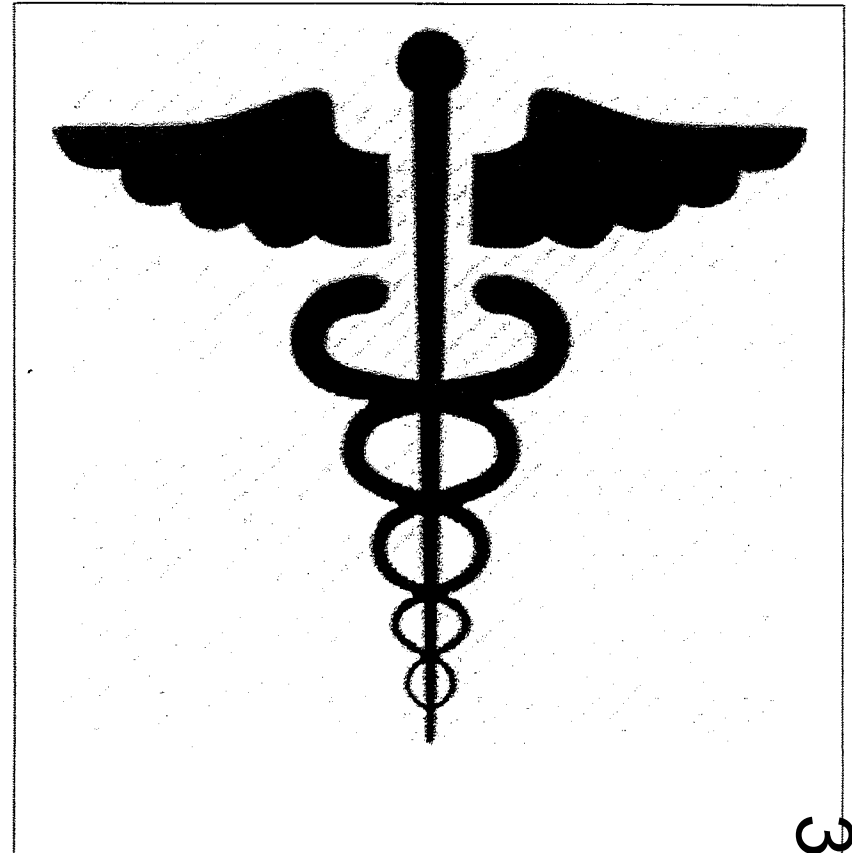

- If you were convicted as an adult for the possession or sale of illegal drugs, your federal student aid eligibility may be suspended if the offense occurred while you were receiving federal student aid. When you complete the Free Application for Federal Student Aid (FAFSA®), as discussed in question 7 below, you'll be asked whether you had a drug conviction for an offense that occurred while you were receiving federal aid. If your answer is yes, you'll be provided with a worksheet to help determine whether the conviction affects your eligibility for federal student aid. If you have been convicted of a forcible or nonforcible sexual offense and you are subject to an involuntary civil commitment upon completion of a period of incarceration for that offense, you are ineligible to receive a Federal Pell Grant.

## **How do I apply for federal student aid?**

- To apply for federal student aid, and for most state and institutional aid, you must complete the FAFSA, either online at [www.fafsa.gov](http://www.fafsa.gov) or on paper. You do not have to pay to apply for federal student aid. Contact the education coordinator at your correctional facility or the financial aid office at the school you plan to attend for more information and help accessing the FAFSA.

*Important note: Even if you are not eligible for federal student aid, you may still be eligible for aid from your state or school.*

# Federal Student Aid Eligibility for Students Confined in Adult Correctional Facilities

*Below you'll find answers to questions you may have about how being incarcerated in an adult correctional facility affects your eligibility for federal student aid for college or career school.*

## **Am I eligible for federal student aid while I'm confined in a correctional facility?**

- If you are confined in a correctional facility, there are limits on your eligibility for federal student aid based on where you are confined. Note that most of these limitations apply only while you are confined. Upon your release, these limitations will be removed unless there are other circumstances. You may apply for financial aid while you are confined in anticipation of being released so that your application may be processed in time for you to start school following your release.

## **Am I eligible for federal student loans while I'm confined in a correctional facility?**

- No. Any individual who is considered incarcerated may not receive federal student loans. For purposes of loan eligibility, you are considered incarcerated if you are serving a criminal sentence in a penitentiary, prison, jail, reformatory, work farm, or similar correctional institution, whether it is operated by a government agency or by a contractor to a government entity.

## **Am I eligible for Federal Pell Grants while I'm confined in a correctional facility?**

- It depends on where you are confined. Individuals incarcerated in federal or state penal institutions may not receive Federal Pell Grants. However, if you are incarcerated in a local, municipal, or county correctional facility and you otherwise meet eligibility criteria, you are eligible for a Federal Pell Grant.

## GED

- The technical definition is General Educational Development
- GED is a series of tests used to show if you have a high school level education or not.
  - There are five areas you're tested in including Language Arts Writing, Language Arts Reading, Social Studies, Science, and Math.
- In order to take the GED test, you must be at least 16 years old and cannot be enrolled in high school.
  - You must take the actual GED test at a physical, certified location. It cannot be taken online and anyone who tells you it can is part of an online GED scam
- Once you've earned your GED, it's practically as good as an actual diploma. Studies say 96% of employers accept a GED as being equal to a diploma. Community colleges will accept GEDs with no hassle.
- Most universities will take a GED if you have good SAT/ACT scores. Otherwise you may have to attend a community college for a year and earn some good grades.

THOMAS M. HODGSON  
SHERIFF

Jan. 31, 2019

Dear Blake,

As promised, I am forwarding some thoughts for consideration that I believe are in line with President Trump's priorities on immigration reform.

I have been working on this issue since becoming Sheriff 21 years ago and I have watched as the inaction of Congress has caused not only the safety of our neighborhoods to deteriorate, but local policies become enacted to obstruct law enforcement and encouraging more illegal immigration.

President Trump is spot on with his proposal insisting that the first step is securing our border. The American people see the direct connection between unsecured borders and the flood of drugs and criminal behavior, gang intimidation and the rise in the humanitarian crisis on both sides of the border. The people want to be protected, and the law enforcement community wants nothing more than to keep our neighbors as safe as possible.

My suggestions are as follows:

1. I respectfully would caution against efforts to reform language that goes beyond the enforcement issue. We have seen time and time again that the more aspects of reform that are included, the greater opportunity for obstruction, paralysis and inaction. The Gang of Eight bill is the most recent notable example.
2. Allow each state to have a point of access to the Puerto Rico Registry of Motor Vehicles database, known as David Plus, in order to more easily and more quickly identify fraudulent identifications of illegal aliens.
3. Judges in state courts who knowingly attempt to harbor or conceal anyone who is in the country illegally should be prosecuted. Failing to do so suggests to the American people that we are not serious about enforcing immigration law.
4. If it is not yet being done, efforts should be made to cross reference FBI databases with welfare and social service databases for the purposes of determining incidents of identity and financial fraud.
5. Jails and prisons across America have hundreds of criminal illegal aliens in custody who are incarcerated under false identifications. Our institutions should be encouraged or incentivized to query their databases to identify these imposters.

6. Lastly, I feel strongly that President Trump can be more impactful when he and all who support his proposal speak in terms that create a personal connection rather than a broad perspective. For example, when speaking about drugs “pouring into our country,” I’d recommend using “pouring into your neighborhood, exposing our children to addiction or death.” Listeners are more apt to immediately and concretely relate to the circumstances in their own communities. I do not often quote many Democrats, but I must say that former House Speaker Thomas P. “Tip” O’Neil Jr. was correct when he famously stated that “all politics is local.”

In closing, I believe President Trump should continue on his current course of funding the border wall, highlighting the fact that as the successful problem solver that he is, he intends to follow the expert advice from Border Patrol, Sheriffs and private contractors in a shared mission to provide the American people safe neighborhoods and secure communities. The President’s “rifle shot” approach to begin legitimate immigration reform will give the American people a win that they have been looking and waiting for over 20 years.

Sincerely,

Thomas M. Hodgson

THOMAS M. HODGSON  
SHERIFF

May 8, 2019

Massachusetts Sheriffs' Association  
132 Portland Street, 2nd Floor  
Boston, MA 02114

Dear fellow Massachusetts Sheriffs:

As the chief law enforcement officers of our respective counties, the Massachusetts Sheriffs are uniquely positioned to prevent our citizens and legal residents from being victimized by repeat offenders who have entered our country illegally.

While United States Immigrations and Customs Enforcement (ICE) is responsible for enforcing our immigration laws, Sheriffs and all of law enforcement share the responsibility to use every resource and opportunity to collaborate in our overall mission of public safety.

Therefore, I am proposing that the Massachusetts Sheriffs follow the lead of the Florida Sheriffs and implement the Warrant Service Officer Program.

This program offers a one-hour training course by ICE officials, which will certify members of our security staff, to serve ICE warrants and detain illegal immigrants for 48 hours.

This program deals only with those individuals who have been arrested and charged with a crime and are in the custody of our respective Sheriff's Offices.

As you know, MS-13 is actively working to get a foothold in Massachusetts and our neighboring New England states. Sex trafficking, human trafficking, and identity fraud is out of control and the opioid crisis is wreaking heartache for families across every socioeconomic spectrum.

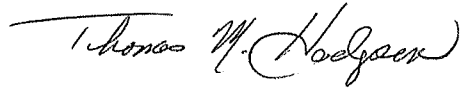

As the most trusted elected office in our nation, we as Sheriffs are traditionally looked upon by our citizens to protect the safety and security of our people and our communities, based upon our core mission and not party affiliation.

Knowing we now have the Warrant Service Officer Program available to us, and embracing it across the Commonwealth, reassures our citizens and legal residents that we are meeting our obligation to maximize our potential to keep them from being victimized by someone we otherwise should have detained.

I respectfully request that every consideration be given to our association embracing this program and that it ultimately be approved by a unanimous vote.

Sincerely,

A handwritten signature in cursive script that reads "Thomas M. Hodgson". The signature is written in black ink and is positioned above the printed name.

Thomas M. Hodgson  
Sheriff
