Yes the original three have been replaced.

There is an additional strike that had a PO created earlier this week that has not been completed.

**Subject:** Lan-Tel -- [REDACTED] keypad work

Hi Bruce,

Can you confirm for me whether or not Lan-Tel has completed the work on replacing the old [REDACTED] keypad in [REDACTED]?  
This was ordered under PO# 15LANLS11NN for a total of \$605.00.

If this work was completed, can you let me know what the date was? The vendor has billed us, and I would like to pay if the work is complete.

Thanks!

**Subject:** FW: [REDACTED] - enrollment reader

Hello

Lan-Tel finished installing the Key Fob reader at [REDACTED]. When we started testing it out, Mark informed me that I would not be able to use it to import the card numbers into [REDACTED] but rather I would see the numbers in the

event log and I would then have to enter them into the proper field in the persons credentials. Mark stated that he was under the impression that we just wanted a fob reader so I did not have to go to the door for each fob.

I was under the impression that it was going to be an enrollment station. In my original email to John Barts I did state I needed a key fob reader but I described the functionality of the enrolment station.

*Add a key fob reader at my desk in the [REDACTED] area to act as a [REDACTED] Enrollment Station so that I will be able to swipe the new ID card/Key Fob combo cards and import both key fob numbers into [REDACTED] Enrollment Manager – Credentials.*

Mark is going to speak with John about this and I will reach out to him as well.

Bruce

Hi Bruce,

So since the elevator readers are on a separate PO, we are okay to pay the invoice for the [REDACTED] expansion work? If so, can you let me know the date that the work was completed? We need that info to pay the invoice.

Thanks!

**Subject:** RE: [REDACTED] & [REDACTED] work

Hi Bruce,

Unless I am missing something, I don't think that the elevator work is part of the [REDACTED] expansion work? I checked over the quote and don't see any references to the elevator. I am pretty sure that work was on PO# 15LANLS6N50, which was for:

- 2<sup>nd</sup> floor reader & lock hardware
- Additional reader the control the elevator on the second floor

If the 2<sup>nd</sup> floor reader was not included on this job, is it okay to pay otherwise? I know back in November there was still quite a few things outstanding on both of these jobs ([REDACTED] & [REDACTED]). [REDACTED] still needed the radio back-up installed, and [REDACTED] still had some work outstanding relating to the [REDACTED], the [REDACTED], and a few other areas. Is this work complete now?

Thanks!

Katherine

Reviewing the quote for [REDACTED] it looks like the elevator key fob reader is part of this quote. Mark is currently working on the elevator key fob reader. Once that is complete, I believe all of the work on this quote will be done.

**Subject:** [REDACTED] Panel work

Hi Bruce & Mary,

Can you please confirm that the Lantel work was completed for the [REDACTED] Panel. I do not have a copy of the quote, but I have attached the invoice. If the work was completed, then I need to know the date that it was done so that I can pay the invoice.

Thanks!

Re: [REDACTED] - Security equipment removal

John,

LAN-Tel is please to provide you with this proposal for the above referenced work under the state contract FAC64 guidelines. The following is a description of work, which will apply.

This proposal is based on information obtained.

Scope of work:

Remove existing security and access control equipment from the facility. Provide the necessary labor, associated with the following:

- Remove selected access control equipment from wall areas.
- Remove selected intrusion equipment from wall area.

Total cost for above work will not exceed. \$450.00

All above mention work will be at the labor rate per state contract FAC64

Any questions you have please contact me at 781-352-4056

Thank you,

*John Bartolomucci*

Hi Bruce & Mary,

Have you received the access cards from LanTel yet? If so, can you let me know when you received them.

Sorry to slam you with all of this at once. LanTel sent all of these invoices together, and there are some large prompt payment discounts that we will lose if the work is done and we don't pay the invoices within 9 days.

Thanks!

**West, Katherine (POL)**

---

**From:** Cranstoun, Bruce (POL)  
**Sent:** Monday, September 01, 2014 9:56 PM  
**To:** POL-DL-Maynard Security; Miller, Jeremy (POL); West, Katherine (POL)  
**Subject:** [REDACTED] Alarms 9/1/14

Kristen

There were two alarm activations today at the [REDACTED] facility.

The first alarm was at about 1010 hrs from the [REDACTED] motion detector. DLT. Fabry responded to the facility and did not observe any signs of unauthorized activity. There were no trouble messages in [REDACTED].

The second alarm, which occurred at about 1440 hrs came from multiple locations on the 2<sup>nd</sup> floor. [REDACTED] showed several Line Fault, Bus Failure, AC failure and Missing Module Trouble messages. Due to the Trouble messages I responded to the [REDACTED] facility. When I arrived the key pads were not responding and there were several missing module messages. After working with Lan-Tel over the phone I was unable to correct the issue. At this time there was a missing module and a power failure message and the motion sensors from [REDACTED] were not showing up in [REDACTED]. I called Katherine West and received permission to have Lan-Tel come out on an emergency service call. DLT. Sennott and Jeremy were also notified.

After working on the system Lan-Tel believes that the transformer for [REDACTED] was starting to go bad and was periodically not providing enough power to the [REDACTED] EVO board. This lack of power created the bus faults. The bus faults caused the EVO board to lock up and become unresponsive and probably caused the motion sensors to lose power causing them to not be seen by the EVO board when it finally started receiving proper power supply. Since the EVO board did not see the motion sensors it removed from being active.

While we were trouble shooting this issue we also noticed that the [REDACTED] camera was not working. Lan-Tel was not able to correct this camera and will make another service call early this week to trouble shoot this camera.

At this time we are not sure why the motion sensor was activated in the [REDACTED]. It could have been a precursor to the trouble we had later in the day or it may have been unrelated since there were no Trouble messages in [REDACTED].

Hi Bruce,

Did you ever confirm if this work was completed or not? Lan-Tel is a PPD vendor and we are under a lot of heat from fiscal to capture every PPD that we can right now, so if the work is completed I need to know on what date so that I can pay the bill ASAP.

Thanks!

I am meeting with Mark tomorrow so I will let you know. Mark has the monitor so I am not sure. He has been trying to fix an issue with the video.

Hi Bruce,

Any update on when we can expect the monitor install to be completed? I have the bill for this job and I am holding off paying it until the work is completed.

Thanks!

Hi Bruce,

Picked up your message late yesterday and had Kate look at the [REDACTED] portal again for P.O.'s and did not find anything there for the State Police. The only current one was last week, this was a [REDACTED] add on for the reader/intercom.

As for the second part of the question you had. Yes, the monitor is part of the intercom install. I know the monitor has not been fully installed yet. Sounds like something being looked into for this install. Mark will take care of it once all is OK.

Hope all is well

Thanks
