Subject: Solve crimes and save lives instantly with face search - Free Trial from Clearview

"I've got a dozen success stories in three months"

You watch your favorite network crime drama: NCIS, CSI, Blue Bloods, with your friends.

They say: *"Does it work that way in real life?"*

You say: **"No, that's completely unrealistic and stupid."** You wonder who the crazy writers are that invented this TV show.

You use Clearview and immediately realize you **were the crazy one** for believing it couldn't work like that.

I've got **a dozen success stories in three months** of usage and two of the most recent are identifications on homicide suspects ... I'd like to see its usage increase in law enforcement across the nation. *It's unreal how effective it is.*

How it works

Step 1: Find a photo of a suspect's face.

Step 2: Upload photo to the Clearview app.

Step 3: Check search results for a match.

Clearview is like Google Search for faces. It only takes **one** photo of a suspect's face, **one** quick tap on your cell phone or computer, and **one** second of search time. Get results from mug shots, social media, news articles, and other publicly available sources.

Clearview combines the world's **most accurate** face search technology with a proprietary database of **nearly 3 billion** facial images from open sources to help you ID a criminal suspect in an instant.

It only takes **one** minute to install and you can start searching immediately. Just click the button below to start your 30-day free trial with unlimited searches - no strings attached.

Available on iPhone, Android, and Desktop

Clearview can find matches even if a suspect grows a beard, wears glasses or headwear, appears in low light or at odd angles, or even if they're in a group photo. It's no wonder Clearview's accuracy rate is **above 98.6% — #1 worldwide.**

World-Class Accuracy.

Clearview consistently ranks ahead of the world's leading providers in accuracy (Source: Megaface)
