Good Morning, The East Brookfield police Dept. Is currently not pursuing facial recognition technology , namely ("Clearview") or any other software/ technology of its kind. Therefore I have no records to produce.
Thank you

Chief William Gregoire

   Subject: Public Records Request
   Message:
   Dear Records Access Officer,
   This is a request under the Massachusetts Public Records Law, G.L. c. 66, §
   10, made on behalf of the American Civil Liberties Union of Massachusetts
   ("ACLUM").
   Clearview AI ("Clearview"), a facial recognition technology start-up, makes
   available to law enforcement a product that attempts to match photos of
   unknown people to images in a database.1 Clearview AI's database reportedly
   contains billions of pictures scraped from social media sites like Facebook,
   YouTube, and Venmo.2 According to newspapers, Clearview AI markets this
   product to federal, state, and local law enforcement agencies.3 This company
   is just one of many that market their facial recognition technology to
   government agencies.
   ACLUM has significant concerns about the use of facial recognition in
   Massachusetts. We therefore seek records pertaining to Clearview AI and
   other facial recognition companies and products.
   Records requested
   This request includes but is not limited to the following records created on
   or after January 1, 2019:
   1. All communications, including text messages and emails, between or among
   any staff member or representative of the police department and any
   representative of any company that manufactures or sells any facial
   recognition product, including but not limited to Clearview AI; 2. All
   internal communications, including text messages and emails, referencing any
   company that manufactures or sells any facial recognition product or
   service, including but not limited to Clearview AI; 3. Records evidencing or
   describing any existing or potential relationship between the police

department and all companies that manufacture or sell any facial recognition product, including but not limited to Clearview AI. These records include but are not limited to MOUs, purchase orders, RFPs, licensing agreements, invoices, non-disclosure agreements, project proposals, and other contracts; 4. Records referencing the operational effectiveness or accuracy rate of any of facial recognition service or product. These records include but are not limited to e-mails, handouts, PowerPoint presentations, advertisements, audits, and specification documents; 5. Training materials related to facial recognition products or services; 6. Policies and procedures pertaining to the use of facial recognition products or services, or the data they produce; and 7. Records relating to any public process, meeting, or debate about any facial recognition products or services. These include but are not limited to meeting agendas or minutes, public notices, analyses, and communications between the police department and elected officials. Because this request involves a matter of public concern and is made on behalf of a nonprofit organization, we ask that you waive any fees. ACLUM is a nonprofit §501(c)(3) organization dedicated to the protection of civil rights and liberties for all persons in the Commonwealth of Massachusetts. As the state's affiliate of the American Civil Liberties Union, the ACLU of Massachusetts is part of a nationwide network of advocates dedicated to defending and expanding the civil liberties of all.

If you decide not to waive fees, we request that you permit us to examine, at our election, the responsive documents before determining which portions to copy. We prefer the documents in electronic format.

If you believe that some portion of the documents requested are exempt from disclosure or require redaction, please release any reasonably segregable portions that are not exempt. Also, please note the applicable statutory exemption and explain why it applies to the redacted portions. As you know, a custodian of public records shall comply with a request within ten days after receipt.

If you have questions about this request, please contact me at (617) 482-3170

Thank you for your assistance. We look forward to your response.
