Henry,

I saw your post on crimedex. Since it was a good picture I ran it through a free trial of Clearview AI ive been using, which combs open source records for facial recognition matches. I attached a screenshot of the result. Hope this helps.

All Best,

Hi.

Your Clearview pilot is close to the end. I was wondering if a procurement proposal would be helpful for you? Attached is pricing, but we can certainly tailor a package that fits your agency needs and budget. Additionally, if it is helpful to view a webinar let me know and we can schedule it.

Let me know if you have any questions and stay safe.
