The parties hereto agree to furnish to a requesting Department mutual assistance and logistical support only with the approval of each Sender's Chief of Police or designated representative and provided such law enforcement assistance and logistical support is within the capability of the Sending Department at the time the specific request is made.

B. Except as hereinafter provided, a request for assistance shall be made only to a Member Chief or his designee. No assistance shall be given without the authorization of the Sender's Member Chief or his designee. The Member Chief or his designee shall have sole and final say as to whether and to what extent personnel and equipment shall be sent to assist Requesting Department.

C. It shall be the duty of the Sender's Chief of Police to issue necessary orders and direct all assisting police personnel to place themselves under the operational control of the Chief of Police of the department requesting mutual assistance.

D. The Receiving Department shall file a complete written report with the Control Chief within 72 hours after making and receiving requests, indicating the time and nature of the request and giving complete details as to the response made. In addition to including said reports in the Control Chief's quarterly filing with the Executive Board pursuant to the By-Laws promulgated by the Council, upon request, the Control Chief shall also provide a copy of the report to the Sending Departments and shall review all actions taken.

E. The Chief of Police, or his designated representative, of the Receiver shall have and exercise overall command control of any Sender's police officers participating in mutual assistance.

A "Tactical Alert Notice" in accordance with existing operational readiness plans, shall be used as a means of alerting all parties that an unusual occurrence is either anticipated or already in progress. The decision to call a "Tactical Alert" is that of the Receiver's Chief of Police or his designated representative.

H. The request for assistance shall state, as a minimum:

- a. The nature of the emergency, its specific location, and estimate duration.
- b. The type and number of personnel requested.
- c. The type of logistical support needed.
- d. The name, and location of the senior police officer to whom the Sender's personnel shall report.

I. J. Police officers from a Sending Department shall have the full authority of police officers in all other jurisdictions while responding to a request for aid or assistance under this Agreement.

PERSONAL, LIABILITY, AND INDEMNIFICATION (OR WAIVERS):

- A. Police officers of a Sender are considered as being on duty from the time said officer responds to a mutual aid call until he returns to his origination point; he is considered on duty for his own town or city and if injured or killed during that period, his employer (Sender) shall be liable for all benefits due to him or his widow or dependents under applicable laws and collective bargaining agreements.
- B. Sender agrees to cover all salary and overtime expenses incurred by its officers, unless the Receiver receives reimbursement for the costs associated with the operation, in which case the Receiver agrees to distribute that reimbursement to the sending agencies in an equal proportional amounts to defray the costs incurred by the sending agencies. As set forth above, in case of disability or death caused in the performance of his duty or sickness resulting from said performance, the officer or his widow or dependents shall be entitled to benefits to which he or they are entitled in his own department or agency under applicable laws and collective bargaining agreements, and such benefits shall be paid by the Sender.
- C. Unless otherwise specifically provided in this Agreement, all expenses incurred by the Sender in rendering assistance shall be paid by the Sender provided they were reasonably necessary in carrying out the purposes of this agreement, unless the Receiver receives reimbursement for such expenses, in which case the Receiver agrees to reimburse the sending agencies in an equal proportional amounts to defray the costs incurred by the sending agencies. In case of any dispute between the Sender and the Receiver, the Council shall determine the reasonableness of the expense incurred.
- D. Nothing herein shall prevent any Sender from assuming the cost of any loss, damage, salary, overtime, or expense incurred in responding to a request for assistance under this Agreement. A determination by a Sender to not seek reimbursement for loss, damage, salary, overtime,

or other expense following one or more responses to requests for assistance shall not operate to waive the right of the Sender to seek such reimbursement at any future time.

- E. Except as otherwise provided herein, during the course of rendering mutual aid assistance as providing for by this Agreement, the Sender department shall be responsible for the operation of its equipment and for any damage caused or received thereto, and for any personal injury caused by a member of the Sender to a third party. This section is subject to, and does not waive, any and all applicable limitations or immunities on governmental liability under state and federal law.
- F. Each Member party shall waive any and all claims and causes of action against all other parties hereto which may arise out of their activities while rendering and/or receiving aid under this Agreement, to the extent that each party may legally waive such claims. Each member agrees to indemnify, defend, and hold harmless each other member department and/or city or town from any and all liability, loss or damage, which such other party becomes legally obligated to pay, including reasonable counsel fees as a result of claims, demands, costs, or judgments against such other party arising out of the negligent or intentional conduct of the indemnitor in connection with activities under this Agreement. This indemnification is subject to, and does not waive, any and all applicable limitations or immunities on governmental liability under state and federal law.
- G. Each member municipal community agrees to provide police liability insurance. In the event that a participating municipal community desires to self-insure these exposures, upon request, the Council shall be provided with a letter so indicating. All deductibles are responsibility of the named insured.

COMMUNICATIONS AND EQUIPMENT:

- A. In rendering mutual assistance, Receiver and Sender shall use and be responsible for furnishing their own equipment, except where emergencies or unusual occurrences dictate the sharing of equipment between parties. Special emphasis by all parties will be placed on the mutual sharing of police communications equipment.
- B. Each Receiver department shall be responsible and liable for damages suffered by or caused to Sender's property during the course of

rendering mutual assistance, to the extent that the Sender's insurance does not cover the loss.

- C. Nothing herein shall prevent any Sender from assuming such loss, damage, expense or other cost.

TERMINATION OF ASSISTANCE:

Terminating emergency mutual assistance: At the conclusion of any emergency, the supervisor or commanding officer on the scene (as designated by the Receiver's Chief of Police) shall have the responsibility for relieving the Sender's personnel to return to their origination point.

TERMS OF THE AGREEMENT:

This Interagency Mutual Aid / Assistance Agreement (hereinafter referred to as the "Agreement") shall remain in effect until terminated by all parties hereto. Should any party to this agreement wish to withdraw from the Agreement, it may do so by notifying all other parties in writing.

Should any signatory Chief of Police retire or otherwise leave office, the President of the Council will request of his successor a written statement that he accepts all the terms and conditions of this Agreement. All such statements shall become an attachment hereto.

Any law enforcement agency that is not originally a party to this Agreement may become a party by sending a written request to the President of the Council. Such request shall be executed in accordance with the By-Laws that have been promulgated the Council.

This Agreement may be amended only with the written approval of each Council Member who is then a party to it.

SIGNATURE

Hi, Bob,

This is great! I should have asked you if you had already run a facial rec request in MA! Sorry about that. Who are you dealing with in NH? I work on some of these with two of the troopers from Troop G – Jay O’Leary is the best one there. He is the one Jimmy talks about in class. Or are you dealing with one of the local guys?

Hi kathy,

Yesterday I sent the Fusion Center the booking photo of our imposter and got a result. I have not done any research on this yet but thought you would want to see what came back. I also spoke to the Sgt involved with the drug investigation in NH. Im waiting for him to send me the picture he has of his imposter they called [REDACTED]. He informed me they have a warrant for him. I'm hoping it's the same guy. Thank you again for all your help.

Subject: facial recognition assistance

My name is Officer Robert Monk from the Salem Police Dept. I have been working on identifying an individual I arrested approximately 1 year ago. During that encounter this individual gave us a Puerto Rican ID belonging to [REDACTED] but his fingerprints came back to Emybel Ortis. We know that he is neither of these people. This individual destroyed drugs in the back of our cruiser to the point we couldn't charge him and he also had over \$5,000 in cash on him. I have asked for assistance identifying him through a resource at NESPIN but she was unsuccessful. I was referred to the Fusion center for further assistance and was wondering if you could provide me with an email to send a booking photo for possible facial recognition. Also if there are any other resources within the Fusion Center who could help with in assisting me with this matter.

Respectfully,
Off. Robert Monk

Good Morning, Sir -

Facial Recognition on the attached booking photograph [REDACTED] [REDACTED] returned a possible match candidate [REDACTED]. A query of [REDACTED] in CJIS returns no records. However, QH/QR, AFIS-R, and BOP records exist under the identifiers [REDACTED]. Booking photographs associated with aforementioned records do not appear to be a visual match to the photograph submitted relative to your inquiry, or the potential match candidate from Facial Recognition.

A lack of CJIS response for [REDACTED] may indicate a previous investigation and revocation by the Massachusetts State Police Fraud Identification Section. Per our policy regarding the identification of potentially fraudulently obtained Massachusetts credentials, I have forwarded your request and my response to the Fraud ID section for further evaluation and verification. I would advise you to contact the Fraud ID section if you have any questions or require any additional, more specific information: 857-368-9500.

Good morning,

Authorities in Massachusetts have requested assistance confirming the identity of an impostor they have in custody. It appears the suspect has been living in a stolen identity for approximately 26 years. The subject identified himself as [REDACTED]
Their report is attached and includes a license image of the suspect. The report mentions the

suspect's mother, (deceased), and identifies her as [REDACTED]

I do not have a case on this as there is no known NYC nexus.

Thank you.

Bill, looking for some help. It appears this 25 plus year admitted Impostor may try and fight this. The Salem MA PD Officer senses this Impostor feels entitled to this stolen identity. On page 6 he admits and gave them his real DR Name and Dob. Could your guy in the DR try and find any matching DR Gov documents? Just one match would be great, any facial rec wouldn't probably hit because of the many years gone by plus we allegedly know his real identity.

Any help appreciated, also good time last week. Thanks for coming, maybe next year you will take a speaking slot! And teach me something!!!

Good Morning,

I am currently working an investigation into two males whom I believe are imposters. I sent in a request for a facial rec to be run on one of the individuals in a separate email. In regards to this individual my investigation has lead me to believe that he is using the identity of a deceased Puerto Rican national. I was wondering if you could run a facial rec using his latest booking photo to see if his true identity can be ascertained?

He provided the name [REDACTED] in booking.

Thank you,

Good Morning,

I am currently working an investigation into two individuals who I believe are "imposters." I was wondering if you would be able to run the attached photographs of one of the individuals to see if any hits come back. He has used several alias's which I have been able to rule one out as not his true identity. The names and DOB's he provided are as follows:

[REDACTED]

I will be sending photographs of the second "imposter" asking for the same request in a separate email.

**Part 1 - Salem MA PD registered voter Impostor [REDACTED] real name [REDACTED]

Hi Joseph, another great case here by Salem PD, I have CC'd the Officers if you have any questions. This case is another example of Officers trained on the program and applying it during a traffic stop where a valid drivers license was handed to them. The files are a little big so I will use two emails. The initial arrest report is at the bottom of all the attachments. You will see first the "true number holders" Puerto Rico license, note that the information will match the copy of the Mass License that is also attached.

You will also see the facial recognition results from the DR and NYPD. In the past I have used the State Dept for this which usually took 3 months. I have also used HSI which takes about a week or quicker and now my friend at NYPD has been knocking these out of the park and getting the results back in a matter of hours. Several of my federal friends who work for other agencies are totally amazed at the results and speed. This is just another opportunity here for us.

This case also illustrates how easy it is for an illegal alien who has stolen a U.S Citizens identity to be able to register to vote. Although it appears this Impostor did not actually vote, everything was in place for him to do so. We have other documented cases where Impostors have voted. Any questions please let me know.
