6. Training materials related to any facial-recognition product or service by employees of the Springfield Police Department.

- 7. Records relating to any mobile application related to any facial-recognition product or service.
- 8. Records relating to any public process or debate about any facial-recognition product or service, including meeting agendas or minutes, public notice, analyses, or communications between the Springfield Police Department and elected leaders or county officials.

Massachusetts General Laws establish that "[a] custodian of a public record shall, within ten days following receipt of a request for inspection or copy of a public record, comply with such request." G.L. c. 66, §10(b). In turn, Chapter 66, Section 10A establishes that "[i]f an agency or municipality fails to comply with a requirement of section 10 or issues a response the requestor believes in violation of section 10, the person who submitted the initial request for public records may petition the supervisor of records for a determination as to whether a violation has occurred." After this appeal is filed, "[t]he supervisor of records shall issue a written determination regarding any petition submitted (...) not later than 10 business days following receipt of the petition by the supervisor of records." Finally, "[u]pon a determination by the supervisor of records that a violation has occurred the supervisor of records shall order timely and appropriate relief."

In the instant case, the Springfield Police Department did not comply with my request. I never received any written response to my request. I therefore respectfully request your office to find that there was a violation of the applicable law and so direct the Springfield Police Department to follow the law and respond to my request.

If you have any questions with respect to this appeal, you can contact me at (617) 482-3170 x346 or kcrockford@aclum.org.

Thank you for your assistance. I look forward to your response.

Sincerely,

Kade Crockford

Re: Public records request related to the use of facial-recognition products or services

To whom it may concern:

This is a request under the Massachusetts Public Records Law, G.L. c. 66, § 10, made on behalf of the American Civil Liberties Union Foundation of Massachusetts ("ACLU").

The ACLU seeks records¹ relating to the Springfield Police Department's plans for, acquisition of, and/or use of facial-recognition² technology, including but not limited to products and services like Amazon Rekognition, Microsoft Face API, or NEC NeoFace.

Records requested

The ACLU requests all such records created on or after January 1, 2016, including but not limited to:

- 1. Communications between any representative of the Springfield Police Department and any representative of any vendor offering any facial-recognition product or service.
- 2. Internal communications between representatives or employees of the Springfield Police Department relating to any facial-recognition product or service.
- 3. Documents relating to the Springfield Police Department's purchasing or use of facial recognition, including but not limited to: purchase orders, RFPs, licensing agreements, invoices, and contracts (including non-disclosure agreements) related to any facial-recognition product or service.

¹ Throughout this request, the term "**records**" includes but is not limited to any paper or electronic information, reports, evaluations, memoranda, correspondence, letters, emails, charts, graphs, flyers, meeting agendas, meeting minutes, training materials, diagrams, forms, DVDs, tapes, CDs, notes, or other similar materials.

 2 In this letter, "facial recognition" means the automated or semi-automated process by which a person is identified or attempted to be identified based on the characteristics of his or her face.

ACLU is a nonprofit §501(c)(3) organization dedicated to the protection of civil rights and liberties for all persons in the Commonwealth of Massachusetts. As the state's affiliate of the American Civil Liberties Union, the ACLU of Massachusetts is part of a nationwide network of advocates dedicated to defending and expanding the civil liberties of all.
