Dear Attorney Rotolo:

I am writing on behalf of Chief Carl in response to your public records request wherein you seek certain records regarding the Framingham Police Department's SWAT team. I predict that the response will encompass approximately 500 computer printed pages at a rate of \$.50 per page for a total of \$250.00 in production costs. Due to the scope of the request, I further estimate that it will take 10 hours of search and redaction time at a rate of \$52.58 per hour. This is the SWAT Team Commander's hourly rate. I further estimate that it will take 15 hours of the SWAT Team's Executive Officer's time, at a rate of \$55.93 per hour. Thus, the total estimated cost associated with the production of the requested records is \$1,615.75. Finally, I estimate that it will take the Department several months to produce the requested items. Please advise as to whether or not you would like the Department to go forward with the production of records.

Best,

Brian E. Simoneau
