Dear Attorney Rotolo,

I apologize for not being more specific in my previous update. Your request is quoted below. In response to this request, attached please find the documents in this office's possession related to "the grant applications and award letter from the National Highway Transit and Safety Administration that allowed the ALPR program to be funded." We do not possess a copy of the CJIS User Agreement here at the Executive Office of Public Safety and Security, but I have forwarded that request to DCJIS. If I can be of further help, please do not hesitate to contact me. Thank you.

Dear Jane,

I'm going to bug you again, but I promise it's not about the ALPR policy this time!

We're looking for two documents, which should be public records, and I'm hoping you can provide.

1. The grant applications and award letters from the federal National Highway Transit and Safety Administration that allowed the ALPR program to be funded. You provided the local grants that EOPSS gave out, but I don't think we ever asked you for the federal grant information.
2. The CJIS User Agreement between Massachusetts and the FBI.

Please let me know if you can release these documents.

Thanks so much,

Laura
