

The DVTEL SSC Client Workstation is a high performance and efficient workstation designed to meet the needs of the basic to the most advanced security operation center and optimized for the DVTEL suite of VMS products.

| Feature | Technical Specification | | |
|------------------|-------------------------------------------------------------------------------------|--------------------------|-----------------------------|
| | Dual Monitor | | Quad Monitor |
| Form Factor | Mini Tower | | |
| Processor | Enterprise Quad-core Intel® Xeon® E3-1200 v3 Family | | |
| Chipset | Intel C226 | | |
| Memory | 4GB 1600MHz DDR3 (2x2GB) | 8GB 1600MHz DDR3 (2x4GB) | |
| I/O Slots | One PCIe x16 Gen 3, one PCIe x16 Gen 2 wired x4 one PCIe x1, One PCI 32bit/33MHz | | |
| Operating System | Microsoft Windows 7 Professional (x64) | | |
| Hard Drive | 500GB SATA II | | |
| Communications | Integrated Gigabit Ethernet controller | | |
| Audio Controller | Integrated High Definition Audio | | |
| Power Supply | 290W, 100~240VAC 50/60Hz (auto) | | |
| I/O Ports | 4 - USB 3.0 | 6 - USB 2.0 | 1 - RJ45 |
| | 1 - Microphone | 1 - Headphone | 1 - Serial |
| | 1 - Audio line-in | 1 - Audio line-out | 2 - PS2 |
| Optical Drive | 16x DVD+/-RW | | |
| Display Ports | 1 VGA, 2 DP (1 DP to DVI adapter) | | 4 DP (4 DP to DVI adapters) |
| Monitoring | up to 300 FPS 1080p | | up to 420 FPS 1080p |
| Peripherals | QuietKey USB Keyboard and Optical Scroll USB Mouse | | |
| Dimensions | 360 x 175 x 435 mm (14.17 x 6.89 x 17.13 in) | | |
| Weight | 8.4 kg (18.51 lb) | | |
| Warranty | 3Yr Dell's ProSupport and Next Business Day On-Site Service | | |

| Models | |
|------------|----------------------------------------------|
| SSC-WKS-DM | Client Workstation with dual monitor support |
| SSC-WKS-QM | Client Workstation with quad monitor support |

Features:

- Enterprise Quad-core Intel® Xeon® processor
- OS installation and optimization for Latitude, Horizon and Meridian
- 24/7 Reliability
- High Performance
- Energy Efficient
- Dual/Quad Display
- HD Graphics

Benefits:

- Reduces unit count and Total Cost of Ownership (TCO)
- Reduces installation time with more consistent installs
- Delivers optimal performance and reliability
- Ease of use for technicians and easier problem solving
- Best-in-class for performance in processing
- Peace of Mind
