Dear Mr. Bodio:

This letter is in reference to your company's response to the City of Boston's EV00005522 PSnet Development and Management Request for Proposals.

After careful evaluation of the non-price proposals and price proposals, we have determined the proposal submitted by LAN-TEL Communications, Inc. to be highly advantageous to the Metro-Boston Homeland Security Region for the PSnet Engineering, Support, and Management Services. Congratulations!

Upon completion and receipt of all required contract documents to execute our contract, we will be contacting you to have your project lead initiate correspondence with our project manager to get this project and the timeline commenced.
