**Re: Public records request related to the relationship between the City of Boston Office of Emergency Management and Lan-Tel Communications Inc.**

Dear Mr. Williams,

This is a request under the Massachusetts Public Records Law, G.L. c. 66, § 10, made on behalf of the American Civil Liberties Union Foundation of Massachusetts (“ACLU”).

LAN-TEL Communications, Inc. (“LAN-TEL”) is a prominent vendor that provides security systems for municipalities all across the Commonwealth of Massachusetts. On May 12, 2019, LAN-TEL announced a partnership with AnyVision.<sup>1</sup> The aim of this partnership is to give LAN-TEL’s clients access to facial recognition<sup>2</sup> technology by means of a “plug-and-play” solution update to its systems.

The ACLU seeks records<sup>3</sup> relating to the City of Boston Office of Emergency Management’s (“COBOEM”) relationship with LAN-TEL. These records relate to any plan for, acquisition of, and/or use of services and/or technology provided by LAN-TEL. This includes any service that might have been impacted by its partnership with AnyVision and the facial-recognition technology it provides.

<sup>1</sup> See LAN-TEL Communications, Inc. Partners with AnyVision for Its Recognition Platform, available at <https://www.pr.com/press-release/784748>

<sup>2</sup> In this letter, “**facial recognition**” means the automated or semi-automated process by which a person is identified or attempted to be identified based on the characteristics of his or her face.

<sup>3</sup> Throughout this request, the term “**records**” includes but is not limited to any paper or electronic information, reports, evaluations, memoranda, correspondence, letters, emails, charts, graphs, flyers, meeting agendas, meeting minutes, training materials, diagrams, forms, DVDs, tapes, CDs, notes, or other similar materials.

## **Records requested**

The ACLU requests all such records created on or after January 1, 2015, including but not limited to:

1. All communications between or among any representative of the COBOEM and any representative of LAN-TEL, including text messages and emails;
2. All COBOEM communications referencing LAN-TEL or any of its products or services, including text messages and emails;
3. Documents relating to the COBOEM purchase or use of LAN-TEL systems or technologies. This request includes but is not limited to: purchase orders, RFPs, licensing agreements, invoices, and contracts (including non-disclosure agreements);
4. Materials relating to how LAN-TEL's services and products—including those provided in partnership with AnyVision for the provision of facial-recognition products or services—functions (or functions improperly), including e-mails, handouts, PowerPoint presentations, advertisements, or specification documents;
5. Training materials related to LAN-TEL's products or services, including if available AnyVision's facial-recognition products and services;
6. Records relating to any mobile application(s) related to LAN-TEL's products or services; and
7. Records relating to any public process or debate about any LAN-TEL's products or services, including meeting agendas or minutes, public notices, analyses, or communications between the COBOEM and elected officials.
