Street: 140 High Street
City: Springfield,
State: MA.

RE: Install (1) COAX and (2) dual data locations at 140 High Street Springfield.

Greg,
Lan-Tel Communications is pleased to offer the following price of $2,192.38 for your review. Information was obtained through your email dated 7-26-18 – Revised 7-27-18.

We hereby propose to furnish the materials and perform the labor necessary for the completion of:

Scope of work:
Location-1 ethernet cable – Main Hall two jacks (1-dule) approximate length 125', patched down and labeled in IDF
Location-2 ethernet cable – Run to users cubicle two jacks (1-dule) approximate length 225', patched down and labeled in IDF (two firewalls exist between the locations, cabling present conduit should already exist but have needed tools, fire stop)
Location-3 RG6 Coax cable – Run from main hall closet back to IDF connectors on each end approximate length 130' (two firewalls exist between the locations, cabling present conduit should already exist but have needed tools, fire stop)
Ethernet cables to be terminated on existing patch panels.
All work to be completed during normal working hours Monday – Friday 7:00 am – 4:30 pm.

Thank you for your interest in our company and our services. If you have any questions or concerns, please contact me at 781-551-8599 ext 102.

Sincerely,

Steven Mahon
