ACLU of Massachusetts

Mr. Falcon,

This letter is in response to your request in regards to the Lexington Police Department's use of Clearview AI or any other facial recognition technology. The request also mentions the Lexington Police Department's interest in facial recognition technology and any communications from the Lexington Police Department to a facial recognition technology company or from any such company to the Lexington Police Department. The Lexington Police Department does not utilize facial recognition software from Clearview AI nor any other similar company. The Lexington Police Department has not sought out the purchase of any such technology nor has been contacted by any representative from a facial recognition technology company. The Lexington Police Department does not have any of the records mentioned in points 1 - 7. If you have any further questions, please contact me at 781\*863-9307 or email at [mmclean@lexingtonma.gov](mailto:mmclean@lexingtonma.gov)

Sincerely,

Michael McLean  
Captain of Operations  
Lexington Police Department
