Emiliano,

I received this request via the supervisors office. Karl Johnson retired and I took over for him, we are not sure how we missed this request but have answered below.

We have no information on the mentioned company Clearview AI, we do not use any facial recognition software of any kind. There are no communications between our department and Clearview AI, or any facial recognition software companies that I am aware of .

We do not have any policies, training materials, or documents referenced in this request.

In response to this request of 02/14, no document mentioned, requested, or referred to is in the care, custody, or control of this department.

Thanks for your request,

Nick.
