Good Morning Emiliano Falcon,

I am in receipt of your public records request for any and all information pertaining to facial recognition and the company Clearview AI. I am unable to provide you any information due to the fact that the Millbury Police Department does not use this technology and we have not met with, or spoken to any company that manufactures or sells facial recognition software or products. The Millbury Police Department only has twenty-one officers that serve a town of approximately 15,000 residents so even having this technology would not be a priority for us. Please contact me if you have any questions.

Sincerely,

Lt. Brian S. Lewos
