Subject: Records request

This response encompasses requests 1-7 of the ACLU records request of 4/6/2020.

The Nantucket Police Department has not had any communications of any type with any facial recognition product nor are there any internal communications referencing any facial recognition product from any manufacturer. Furthermore, we have had absolutely nothing to do with facial recognition software, communications, policies, etc, from Clearview AI or any other company on or after 1/1/2019.
