Date Tue, 7 Apr 2020 10:46:02 -0400

Good Morning,

On behalf of the Town of New Salem, I have been asked to respond to the ACLU public records request for any information pertaining to facial recognition in the town. After consulting with our Police Chief, I confirmed our Police Department has not been approached by any companies dealing with facial recognition products, the department has no plans to purchase any such service in the foreseeable future, nor do they have any policies or procedures pertaining to its use.

Please feel free to contact me if you have any questions or concerns.

Thank you,
Nancy Aldrich
