I just heard back from our police chief. She couldn't find anything in her emails and does not recall anything related to facial recognition. We're a tiny town, so we don't often utilize a lot of the same equipment/technologies that larger towns/cities do. We don't even have a traffic light!

Let me know if you need anything else.

I have forwarded your request to our police chief. I am not aware of any communication/discussion on the administrative side in town government (I work in the administrative side on top of town clerk duties).
