This is everything we have since our new system went into effect.
Our old email company folded and it will cost a significant amount of
money to research further.

Do you need any further information.

We have not and do not plan on purchasing any of these services.

Results from search

Hi Chief,

I did a search for ACLU and for facial recognition. Here are the
results for both. I went back to may 2019. I can search further back,
but that will only give us what was imported from the old email system,
which not everyone brought over.
