Hi Captain Ryan,

Anyvision, which is one of the analytics we discussed will preform a demo via a live webinar. If that is ok for you, just send me a few dates & times which are best for you, and I will begin to set it up.

I will also arrange a demo for Briefcam which is a different analytic, but is very exciting and proven to be effective.

Thanks,
Drew

Hi Captain Ryan,

I am following up from our last meeting at the park in Salem where we discussed a demonstration of some cutting edge analytics for facial recognition. Are you still interested in seeing a demonstration sometime in the near future?

Also, your Splaine Park camera should be installed and online tomorrow, and the new camera we discussed should be installed next week.

Thank you,
Drew
