Hi. You should have an email soon from Team Clearview with your account activation link. Once you activate your account, I encourage you to test the technology on your desktop and the mobile app. *If you would like to have a webinar to walk thru demos, learn about its utilities and ask question, just let me know. Additionally, please send names and emails for any other officers that would like a demo account and I will set them up right away.* Please do not hesitate to contact me with any questions. I look forward to working with you.

Stay Safe,

-Jess

Subject:	Please activate your Clearview account

Hi Brandon Esip,

You have been invited to Clearview! **To activate your account please click the button below:**

Activate Account

It only takes **one minute** to install and start searching.

Remember: your password must be 8 characters and contain a number.

What's Clearview?

Clearview is like **Google Search for faces.** Just upload a photo to the app and instantly get results from mug shots, social media, and other publicly available sources.

Our technology combines the **most accurate** facial identification software worldwide with the **single biggest** proprietary database of facial images to help you find the suspects you're looking for.

Feel free to reach out to if you have any questions, comments, or feedback. Just reply to this e-mail or contact help@clearview.ai

Best regards,
—Team Clearview

Subject:	Facial Recognition?

Hello Brandon,

Hope you are well, it has been a long time (you may remember the name from my Panasonic days). I wanted to quickly check in....have you all been interested in learning about facial recognition technology? If so, I'd love to reconnect and show you a demo of the Anyvision software sometime. Let me know your thoughts/plans for this technology.

Thank you,

Brian Krause
