Good morning. You should have an email soon from Team Clearview with your account activation link. I encourage you to test the tech on computer/laptop (log in thru <https://app.clearview.ai/app/login>) and the mobile app. Also attached is general info and sample success stories and a doc with some search tips. If you would find a video demo call helpful just let me know. **Finally – if there are any other officers/agents that would like an account just send me names and emails. The trial period runs 30 days so let's be sure to get as many officers testing the tech that you would like during the trial.**

Please do not hesitate to contact me with any questions. I look forward to working with you.

Stay Safe,

- Jess

Subject: How to use Clearview

Hi Kevin R. LeBreton,

You should have a setup email in your inbox shortly. It only takes one minute to install and start searching.

Here are three important tips for using Clearview:

1. **Search a lot.** Your Clearview account has **unlimited** searches. Don't stop at one search. See if you can reach 100 searches. It's a numbers game. Our database is always expanding and you never know when a photo will turn up a lead. Take a selfie with Clearview or search a celebrity to see how powerful the technology can be.
2. **Refer your colleagues.** The more people that search, the more successes. We want to make this advanced technology available to as many investigators as possible. If you think your colleagues might want to try Clearview out for themselves, just send their names and e-mail addresses to help@clearview.ai and we'll sign them all up too.
3. **Get Clearview for the long haul.** If you like Clearview at the end of your trial period and it's helping you solve cases, put us in touch with the appropriate person at your organization who can proceed with procurement.

Feel free to reach out to if you have any questions, comments, or feedback. Just reply to this e-mail or contact help@clearview.ai

Finally, please note the disclaimer at the bottom.

Best regards,

— Team Clearview

Thanks for your e-mail. Our department is really small, only 22 people, and only 1 person would be using this software. I used it to see if it would be of value on a case I am involved in. It did not result in any additional information for my case, however, I am unsure if it would work on future cases. That being said, the amount in the proposal would NOT work for us as we would only have very minimal usage of the software.

Thanks
Kevin

Hi.
Your Clearview pilot is close to the end. I was wondering if a procurement proposal would be helpful for you? Attached is pricing, but we can certainly tailor a package that fits your agency needs and budget. Additionally, if it is helpful to view a webinar let me know and we can schedule it.

Let me know if you have any questions and stay safe.

I am unsure, as you can imagine, I am not able to really schedule things as the criminals seem to always interrupt. I can say tentatively I will be available for Friday.

Hi Kevin,

I saw your email about being a smaller department and you being the only one using the tech. What would work with your budget? We could possibly do one for \$750?

Let me know and stay safe,

Sarah Kathryn
