Good Afternoon Emiliano:

Thank you for your email and I hope you are doing well. I will open this as a new request and will follow up immediately with OEM to begin the search.

Yours truly,

Shawn A. Williams, Esq.
Director of Public Records
Records Access Officer
City of Boston

Hi Shawn,

Thank you for the response.

With regards to the emails we are looking for, what we want is OEM to search their emails for the phrase "Briefcam" and give us the responsive emails.

Is this possible?

Thank you.

Stay safe and healthy.

Best,
Emiliano

Mayor Martin J. Walsh
Public Records

10/22/2020

RE: PUBLIC RECORDS REQUEST of May 14, 2020., Reference # R000111-051420

Dear Emiliano:

The City of Boston (City) has received your request for public records. This response applies only to records that exist and are in the custody of the City. See *A Guide to the Massachusetts Public Records Law*, p. 32, n.115. It is expected that a custodian of records must use her superior knowledge of her records with respect to responses to public records requests. 950 CMR 32.04(5). Specifically, you stated:

1. All emails pertaining to the City's use of BriefCam software, made or received any time on or after June 1, 2019.
2. All current contracts pertaining to BriefCam technology.

Upon receipt of your reply I again reached out to the Office of Emergency Management (OEM). As that office explains, there is a distinction to be made between the existence of the contract and whether the City of Boston uses the software. OEM holds a Regional contract with LAN-TEL for the Briefcam software, but OEM does not utilize the software itself. Therefore, OEM has no records responsive to request #1 (emails pertaining to the use of Briefcam).

OEM does possess emails pertaining to the creation of the contract and if you seek those records, we can provide them. But as we understand the request, any emails pertaining to the utilization of Briefcam would need to be directed to any of the Metro Boston Homeland Security Region community police departments. The utilization differs across communities; some may not use it at all. As such, you may wish to contact the individual communities to determine if any utilize Briefcam.

Very truly yours,

Shawn A. Williams, Esq.

Director of Public Records
Records Access Officer

On Mon, Oct 19, 2020 at 5:43 PM Emiliano Falcon-Morano wrote:

Hi Shawn,

Thanks for the prompt answer.

The records that the City of Boston sent on Friday show that on May 29, 2019, the Mayor approved the award of a contract to Lan-Tel Communications, Inc. "to provide BriefCam maintenance coverage and technical support, BriefCam version upgrade to V4.3.0, procurement of an additional 100 BriefCam licenses including maintenance support, and corresponding training, for the period of May 15, 2019 through May 14, 2020." (emphasis added). This contract was extended to November 14, 2020, on May 12.

The emails we asked for pertain to "the City's use of BriefCam software." (emphasis added). Whether the City contracts with Lan-Tel, with BriefCam itself, or with any other third party is not important for purposes of the request, i.e., the key issue is whether the City uses the software—which it does.

Hence, if there are emails related to such use, those emails should be considered to be part of the request.

Thank you very much.

Stay safe and healthy.

Best,
Emiliano

RE: PUBLIC RECORDS REQUEST of May 14, 2020., Reference # R000111-051420

Dear Emiliano:

The City of Boston (City) has received your request for public records. This response applies only to records that exist and are in the custody of the City. See A Guide to the Massachusetts Public Records Law, p. 32, n.115. It is expected that a custodian of records must use her superior knowledge of her records with respect to responses to public records requests. 950 CMR 32.04(5). Specifically, you stated:

- 1. All emails pertaining to the City's use of BriefCam software, made or received any time on or after June 1, 2019.*
- 2. All current contracts pertaining to BriefCam technology.*

As previously indicated, the City does not use BriefCam technology, and as such would not have any records responsive to request 1. While there are no records responsive to request 2, I provide with this letter a copy of the agreement with Lan-Tel for services used by the Metro Boston Homeland Security Region (MBHSR).

There are nine cities and towns in the MBHSR, including Boston. Boston does not have access to BriefCam technology nor does Boston use BriefCam technology.

The records have been released to the [Public Records Center](#). Click the link below to login to the Records Center and retrieve the requested records.

[City Public Records Request - R000111-051420](#)

Very truly yours,

Shawn A. Williams, Esq.
Director of Public Records
Records Access Officer

RE: PUBLIC RECORDS REQUEST of May 14, 2020., Reference # R000111-051420

Dear Emiliano:

The City of Boston (City) has received your request for public records. This response applies only to records that exist and are in the custody of the City. See A Guide to the Massachusetts Public Records Law, p. 32, n.115. It is expected that a custodian of records must use her superior knowledge of her records with respect to responses to public records requests. 950 CMR 32.04(5). Specifically, you stated:

1. All emails pertaining to the City's use of BriefCam software, made or received any time on or after June 1, 2019.
2. All current contracts pertaining to BriefCam technology.

I contacted the Office of Emergency Management. That office informed me that the City does not have a contract with BriefCam. Please let me know if you have any questions.

Very truly yours,

Shawn A. Williams, Esq.
Director of Public Records
Records Access Officer
