I will not be going to Maine prior to our meeting to discuss the software technical specification.

I have included Jim Slater in this email for notification of installing NGI Facial Recognition software into the State AFIS system.

Hi Deborah,

Just wondering if you had a chance to contact Renee Fortier with Maine. I am in the process of setting up a telecon when you are ready to discuss the technical requirements. Also, one thing I need to let you know, the CJIS Systems Officer, James Slater, must be notified and give approval for the software and connecting to CJIS. I will e-mail him shortly and let him know of your interest.

Thanks,
Kim

I found the newest document for the UFW/BIP minimum requirements. The person I need to speak with is out today but I will keep working on it.
