Registry of Motor Vehicles

To whom it may concern,

The Executive Office of Labor and Workforce Development (EOLWD) is requesting continued access to Registry of Motor Vehicle (RMV) records utilized by its Office of Internal Control and Security (ICS) as an investigative tool. This information would be under the direct control of the Director of Internal Control and Security.

The Office of Internal Control and Security's responsibilities include background investigations of potential employees, internal investigations of employees for fraud and misconduct, external investigations of claimant/customer security threats and fraud pertaining to any Federal and State programs administered and overseen by the Executive Office of Labor and Workforce Development.

ICS staff is highly experienced in conducting sensitive and confidential investigations and are approved by the Criminal History Board to request and receive Criminal Offenders Record Information (CORI) electronically. In addition, EOLWD (fka-DET) has had a long standing working relationship with the Registry of Motor Vehicles dating back to 1992. Presently ICS staff have on-line access to RMV records via the ITD Gateway.

Information required:

License and registration verification/validation  
Driving history and violations
