To: Tpr. John Hanna, Compliance Unit, Facial Recognition Section
From: Tpr. Michael Provost #2561, State Police Newbury Court Officer
Re: Facial Recognition Request.

1. This Trooper along with the Newburyport District Attorney's Office is requesting assistance with identifying the female subject in the photograph attached and titled "Unknown Female". This young lady appeared in the Newburyport District Court answering to the name of [REDACTED] who has a date of birth of [REDACTED]. The unknown female was unable to provide the court with any identification or a social security number. She appeared in court to advance "her" case stating that she is an employee of [REDACTED] and would be in Florida on the date of her arraignment. The continuance was allowed, but due to the fact that she was not able to satisfy the courts request for identification she was photographed by the probation department (photo attached). She did provide the probation department with a date of birth of [REDACTED] (20 years to the day younger than the actual [REDACTED]). Ms. [REDACTED] was questioned about the identity of the unknown female, and she stated she did not know who the person was. It is believed this young lady may be attempting to conduct identity fraud and I am requesting facial recognition be conducted on the attached photo of the "unknown female" so that any attempt may be avoided

and any possible charges may be applied. The attached photo of the “unknown female” was taken on March 9, 2016.

Respectfully,

Tpr. Michael E Provost, #2561

State Police Newbury
