Wellesley, MA

Kyle D. Hoertsch

Kyle Hoertsch
Director, Public Safety Client Relations

TRAINING CLASS: FACIAL RECOGNITION

Facial Recognition (FR) is becoming a key part in ever-growing "tool kit" for Law Enforcement Agencies. This course will provide an in-depth overview of the current state of Facial Recognition Technology, legal aspects, and best deployment practices. It will then look to where FR is headed, showing nationwide, cloud-based databases of 18 million open-source images of LEA mugshots and known sex offenders.

Attendees will get the chance to work through real-world scenarios on Facial Recognition databases, utilizing enhancement tools with step-by-step instruction.

While you will learn about Facial Recognition technology and best deployment practices, this course will utilize Vigilant Solutions' FaceSearch program. Attendees will see how using millions of open-source images in an established gallery complements their current local booking images. Learn how to maximize your investigative efforts by implementing FR technology and improve in almost every facet of the job, including both areas of proactive field enforcement and investigations.

At the conclusion of this class, each attendee will retain access to FaceSearch with login credentials for 30 days.

To: David B. Murphy
Subject: Upcoming Refresher Webinars

Thank you for attending our recent Facial Recognition training in Wellesley, MA

As a follow-up, we wanted to make you aware of upcoming webinars on FaceSearch. These webinars are 1Hr. in duration and will provide a quick refresher to help you close cases.

FaceSearch 101: The Basics

<https://register.gotowebinar.com/rt/6954617043305142273>

Vigilant's Facial Recognition tool FaceSearch will allow users to compare faces across a national database of 22+ million images. Along with basic website navigation, this course will focus on how to upload images for comparison and how best to get a match using filtering and editing techniques. (One hour long)

Additionally, on-site training can be found here <https://vslea.org>

Sincerely,

The Client Relations Team

Officer Tim Gover- Myself and another Peabody detective signed up for the Facial Recognition class that your PD is hosting on February 27, 2019. We have not received any response whether or not we were accepted to the training. If this is something you can help check or if you have contact information on whom I would need to speak with to figure out if our registration forms were accepted, your help would be greatly appreciated.

Thank you in Advance,
Detective David B Murphy
