Reporting LEO: Doak, Brian (MSP 3241 / UAV Squad / Massachusetts State Police)
Report Status: Pending

Synopsis

On 6-5-2020 Lieutenant George, Troopers Doak and Tiberi were requested by the Leominster Police Department to assist with drone footage and drone detection for the Leominster protests.

We utilized the Mavic Dual Enterprise UAS for the mission of providing an aerial visual perspective to assist officers in providing direction for crowd control, traffic incident management and temporary perimeter security.

No pictures or videos were retained on or within the UAS - live feed of video was sent to Leominster PD and the MSP GHQ Fusion center for situational awareness. All protesters remained peaceful without any incidents.

All flights were flown from the (n) security . All flights were conducted in class G airspace, remained at or below 160 feet AGL, and weather was approximately 78 degrees with 10 miles of visibility. See attached flight records.

One drone located flying near the protesters on Church Street. Operator was flying on his own property, did not violate any FAA regulations and was cooperative and agreed to land his drone, FAA Registration # FA3FKTRANX.

Respectfully submitted,

Trooper Brian R. Doak #3241
