Synopsis

On 6-05-2020 at 1630 hours Lieutenant George, Troopers Doak and Tiberi requested by the Gardner Police Department to assist with drone footage and drone detection for the Gardner protests.

We utilized the Mavic Dual Enterprise UAS for the mission of providing an aerial visual perspective to assist officers in providing direction for crowd control, traffic incident management and temporary perimeter security.

No pictures or videos were retained on or within the UAS - live feed of video was sent to Gardner PD and the MSP GHQ Fusion center for situational awareness. All protesters remained peaceful without any incidents.

All flights were conducted in class G airspace, remained at or below 180 feet, and weather was approximately 74 degrees with 10 miles of visibility. See attached flight records.

Respectfully submitted,
