Importance: High

Good Morning –

Please see email below from Barnes Airport – Ken, could you pass this information along to the appropriate folks at the Westfield MassPike facility?

Thank you,

Paula

Subject: Fw: BAF Drone Flight - Tuesday, November 16th

Good evening Paula,

Would you be able to pass along this information to MassDOT Highway District 2 team at the Westfield MassPike facility? We want to be sure they are aware of our drone flight over the airport adjacent to their facility.

Thank you,

Chris

Christopher J. Willenborg, C.M.

Subject: BAF Drone Flight - Tuesday, November 16th

Good evening Cameron,

We wanted to give you a heads up that our on-call airport engineering firm, ASG, will be flying a drone on Tuesday, November 16th from 0815 until 1000 in the vicinity of your hangar (SW Quadrant of Airport, see attached graphic). They will have all FAA approvals to conduct the flight with a FAA Part 107 license pilot and Jeff Lovejoy, our Assistant Airport Manager, will be the Air Boss. Jeff will be in contact with the Tower at all times and can coordinate an immediate landing of the drone if your team has a mission.

In addition, they will be conducting another flight off the approach end of Runway 15 (see attached graphic) late morning/early afternoon. There will be NOTAMS issued later this week.

We would request that you pass along this information to your team. If you have any questions or need additional information, please let us know.

Take care,

Chris
