Subject: IMAT UAS Activity 11-5 thru 11-11-2021
Date: Friday, November 12, 2021 8:22:47 AM

Sir,

Summary of IMAT/UAS activity for 11/5 through 11/11/2021.

UAS Missions:

11/10 UAS team enroute to Fall River to assist with search of person who fled from traffic stop. Troop D shortly after advised suspect in custody. No response or deployment

11/11 UAS Mapping with FBI Boston EOD and MSP EOD at EVOC Ayer- using drone to produce a scale diagram related to safe distances during activation of a high-powered EOD X-Ray device. This device is capable producing fatal injuries during activation and testing needed to be done on a closed course (No trainees at EVOC track due to Veterans Day Holiday). Two UAS missions completed and diagrams will be created showing safe radius during full power activation and half power activation. 2021-IMT-131

11/11 Mapped EVOC course using UAS for SPA staff in order to show footprint required to continue the current level of training and to measure dimensions of the EVOC skill courses. Four UAS missions completed using M2P UAS. Diagrams to be created and disseminated to EVOC Staff. 2021-IMT-132
