Subject: MassDOT drone team flights over MBTA Riverside Line today
Date: Wednesday, November 10, 2021 6:33:22 AM

Greetings,

The MassDOT drone team will be mapping the Riverside Line from Riverside Station to the tunnel entrance at Fenway Station today. We have an airspace authorization to 300' but will most likely be flying 200-250' depending on vertical obstructions.

If you have any questions, please reach out.

Thanks,

Chris Grazioso
MassDOT Drone Team
