II. 2023 Emails and Attachments

The following pages have been: (1) reproduced by MSP with narrowed redactions; (2) produced for the first time (e.g., instances where ACLUM sought production of relevant email attachments); or (3) MSP indicated it narrowed redactions but failed to include the revised pages in its reproduction.

Page	Production	MSP Statement re: Reproduction
994	Produced in entirety	Produced – draft page. See p. 3347
1201	Document redactions have not been narrowed	Redactions have been narrowed to information relating to locations of cameras. This information is exempt under exemption (n) for security reasons. In the judgment of the Department, if disclosed, this information could assist bad actors/terrorist to locate, vandalize or disable cameras used by law enforcement to investigate crimes or to evade detection. See above letter relative to exemption (n) applicability to the location of ALPR cameras. Moreover, because these records would disclose "confidential investigative techniques, procedures, or sources of information," they are protected under the investigative exemption under exemption (f). See Reinstein v. Police Com'r of Bos., 378 Mass. 281, 289 (1979).
1204-1205	Produced with narrowed redactions	Redactions have been narrowed to information relating to locations of cameras. This information is exempt under exemption (n) for security reasons. In the judgment of the Department, if disclosed, this information could assist bad actors/terrorist to locate, vandalize or disable cameras used by law enforcement to investigate crimes or to evade detection. See above letter relative to exemption (n) applicability to the location of cameras. See above letter relative to exemption (n) applicability to the location of ALPR cameras. Moreover, because these records would disclose "confidential investigative techniques, procedures, or sources of information," they are protected under the investigative exemption under exemption (f). *See Reinstein v. Police Com'r of Bos*., 378 Mass. 281, 289 (1979).
1208	Produced with narrowed redactions	Redactions have been narrowed to information specifically relating to locations of cameras. This information is exempt under exemption (n) for security reasons. In the judgment of the Department, if disclosed, this information could assist bad actors/terrorist to locate, vandalize or disable cameras used by law enforcement to investigate crimes or to evade detection. See above letter relative to exemption (n) applicability to the location of cameras. See above letter relative to exemption (n) applicability to the location of ALPR cameras. Moreover, because these records would disclose "confidential investigative

		techniques, procedures, or sources of information," they are protected under the investigative exemption under exemption (f). *See Reinstein v. Police Com'r of Bos*., 378 Mass. 281, 289 (1979).
1210	Produced with narrowed redactions	Redactions have been narrowed to information specifically relating to locations of cameras. This information is exempt under exemption (n) for security reasons. In the judgment of the Department, if disclosed, this information could assist bad actors/terrorist to locate, vandalize or disable cameras used by law enforcement to investigate crimes or to evade detection. See above letter relative to exemption (n) applicability to the location of cameras. See above letter relative to exemption (n) applicability to the location of ALPR cameras. Moreover, because these records would disclose "confidential investigative techniques, procedures, or sources of information," they are protected under the investigative exemption under exemption (f). *See Reinstein v. Police Com'r of Bos*., 378 Mass. 281, 289 (1979).
2813	Produced in entirety	After review, this invoice relates to in-cruiser cameras and not ALPR. It is therefore non-responsive to this request but is being produced herein nonetheless.
3260-61	Produced in entirety	2022 Annual Report.
3262-63	Produced in entirety	2022 Annual Report.

III. 2022 Emails and Attachments

The following pages have been (1) reproduced by MSP with narrowed redactions; or (2) produced for the first time (e.g., instances where ACLUM sought production of relevant email attachments).

Page	Production	MSP Statement re: Reproduction
32	Email attachment produced in entirety	Produced herein. See p. 2203
